CHAIRPERSON of MSCVT

Hamdan Ibrahim

Testimony of Competency

The Basic Echocardiography Certification Course and Examination is open to all Malaysian citizens who perform trans-thoracic echocardiography on a daily basis. **As a basic requirement for the course, the applicant has to have at least 6 months (or more) competency in performing trans-thoracic echocardiography examination.** This is to ensure that the applicant will fully benefit from the course, which is not designed for the absolute beginner in echocardiography rather it has been designed for someone with a period of experience. Thus, this will also enhance the applicant's chance of passing the Certification Examination at the first attempt.

I, _____ (Head of Department / Government gazetted Physician / NSR registered Cardiologist) hereby certify that _____ (applicant's name); NRIC No. _____ is competent in performing trans-thoracic echocardiography examinations independently. He / she has fulfilled the requirements for 6 months and therefore I fully support him / her to attend and sit for the Basic Echocardiography Certification Course organised by the National Heart Association of Malaysia (NHAM) / Society of Cardiovascular Imaging Malaysia (SCIM).

Note: Committee will get in touch with applicant/ endorser to confirm testimony. Please ensure you provide the contact number.
