

# National Cardiovascular Disease Database (NCVD)-ACS Registry

## Summary of the Annual Reports of the NCVD-ACS Registry 2006-2015

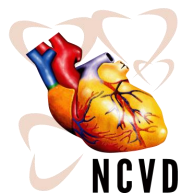

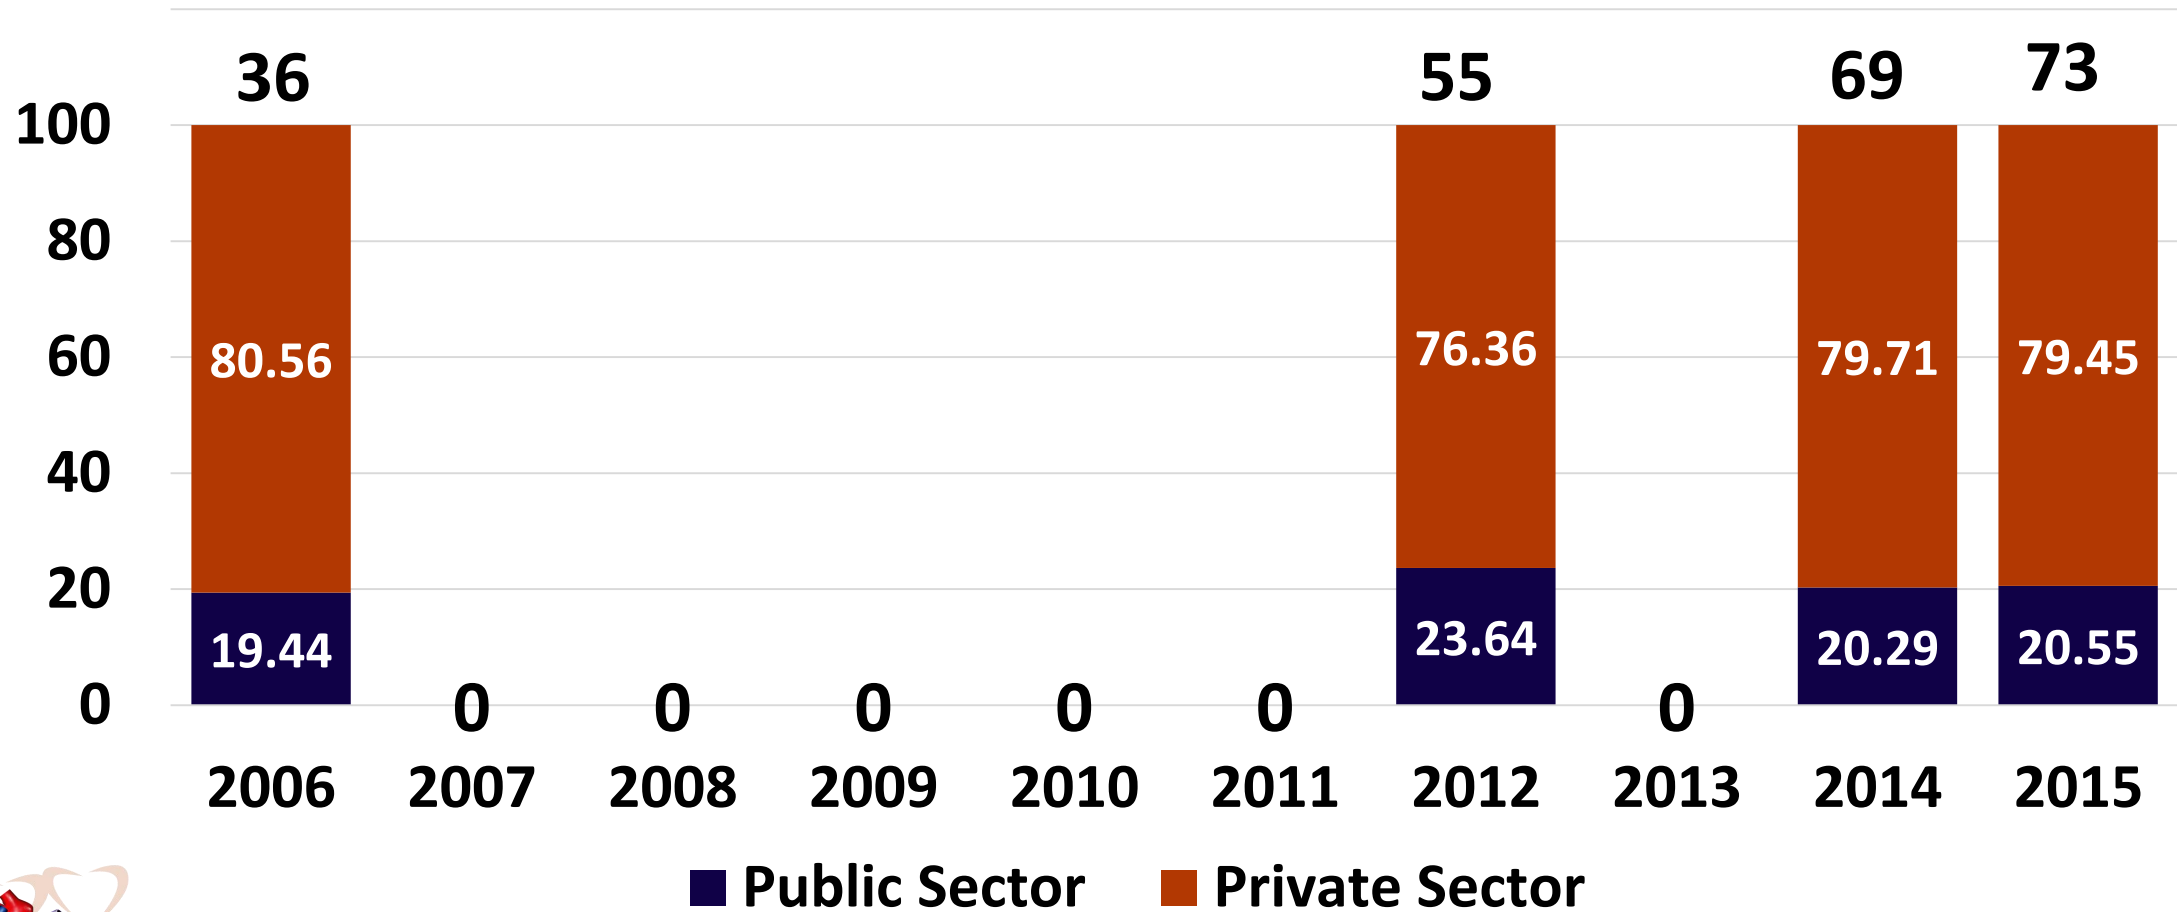

# Table 1: Number of cardiologists in Malaysia (%), 2006-2015

■ Public Sector    ■ Private Sector

Table 2: Number of hospitals with cardiac catheterisation laboratory in Malaysia (%), 2006-2015

# Table 3: Mean age of patients presenting with ACS, 2006-2015

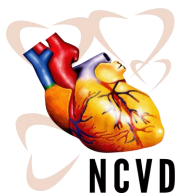

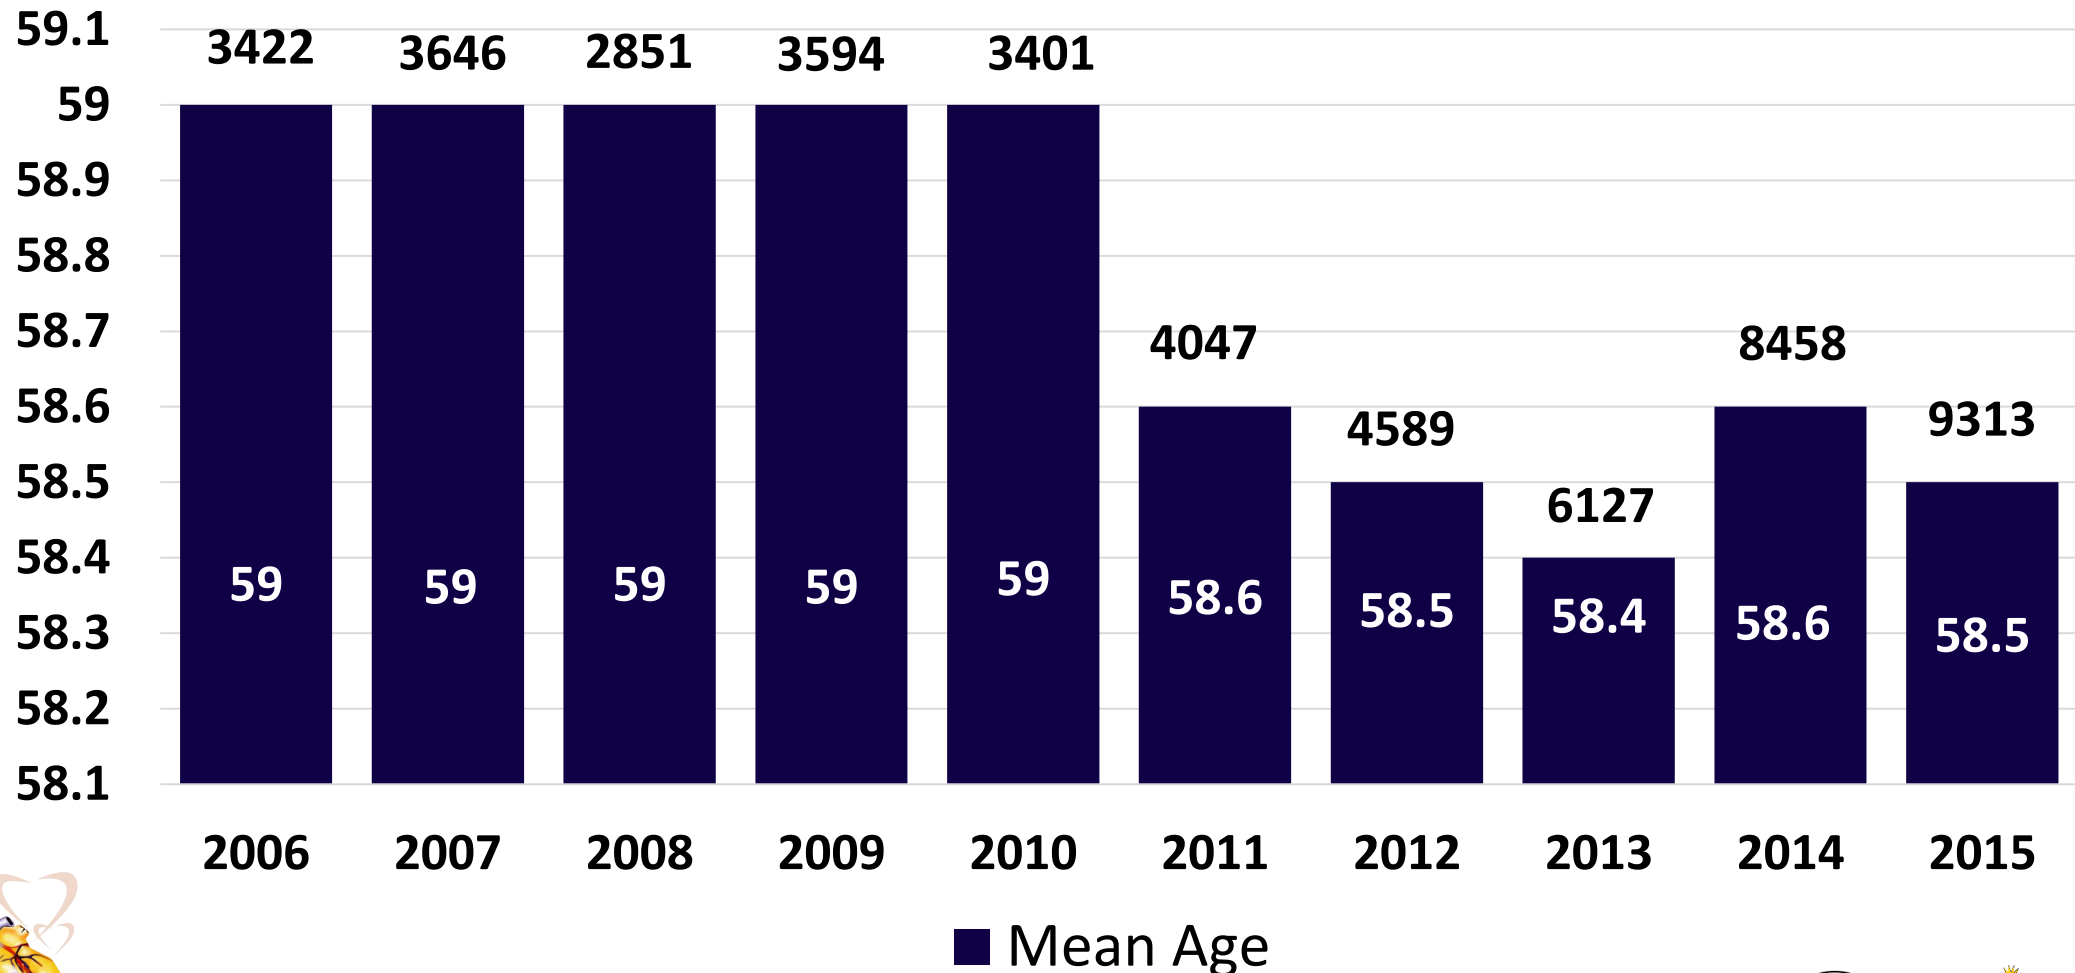

Table 4: Age-groups of patients presenting with ACS (%), 2006-2015

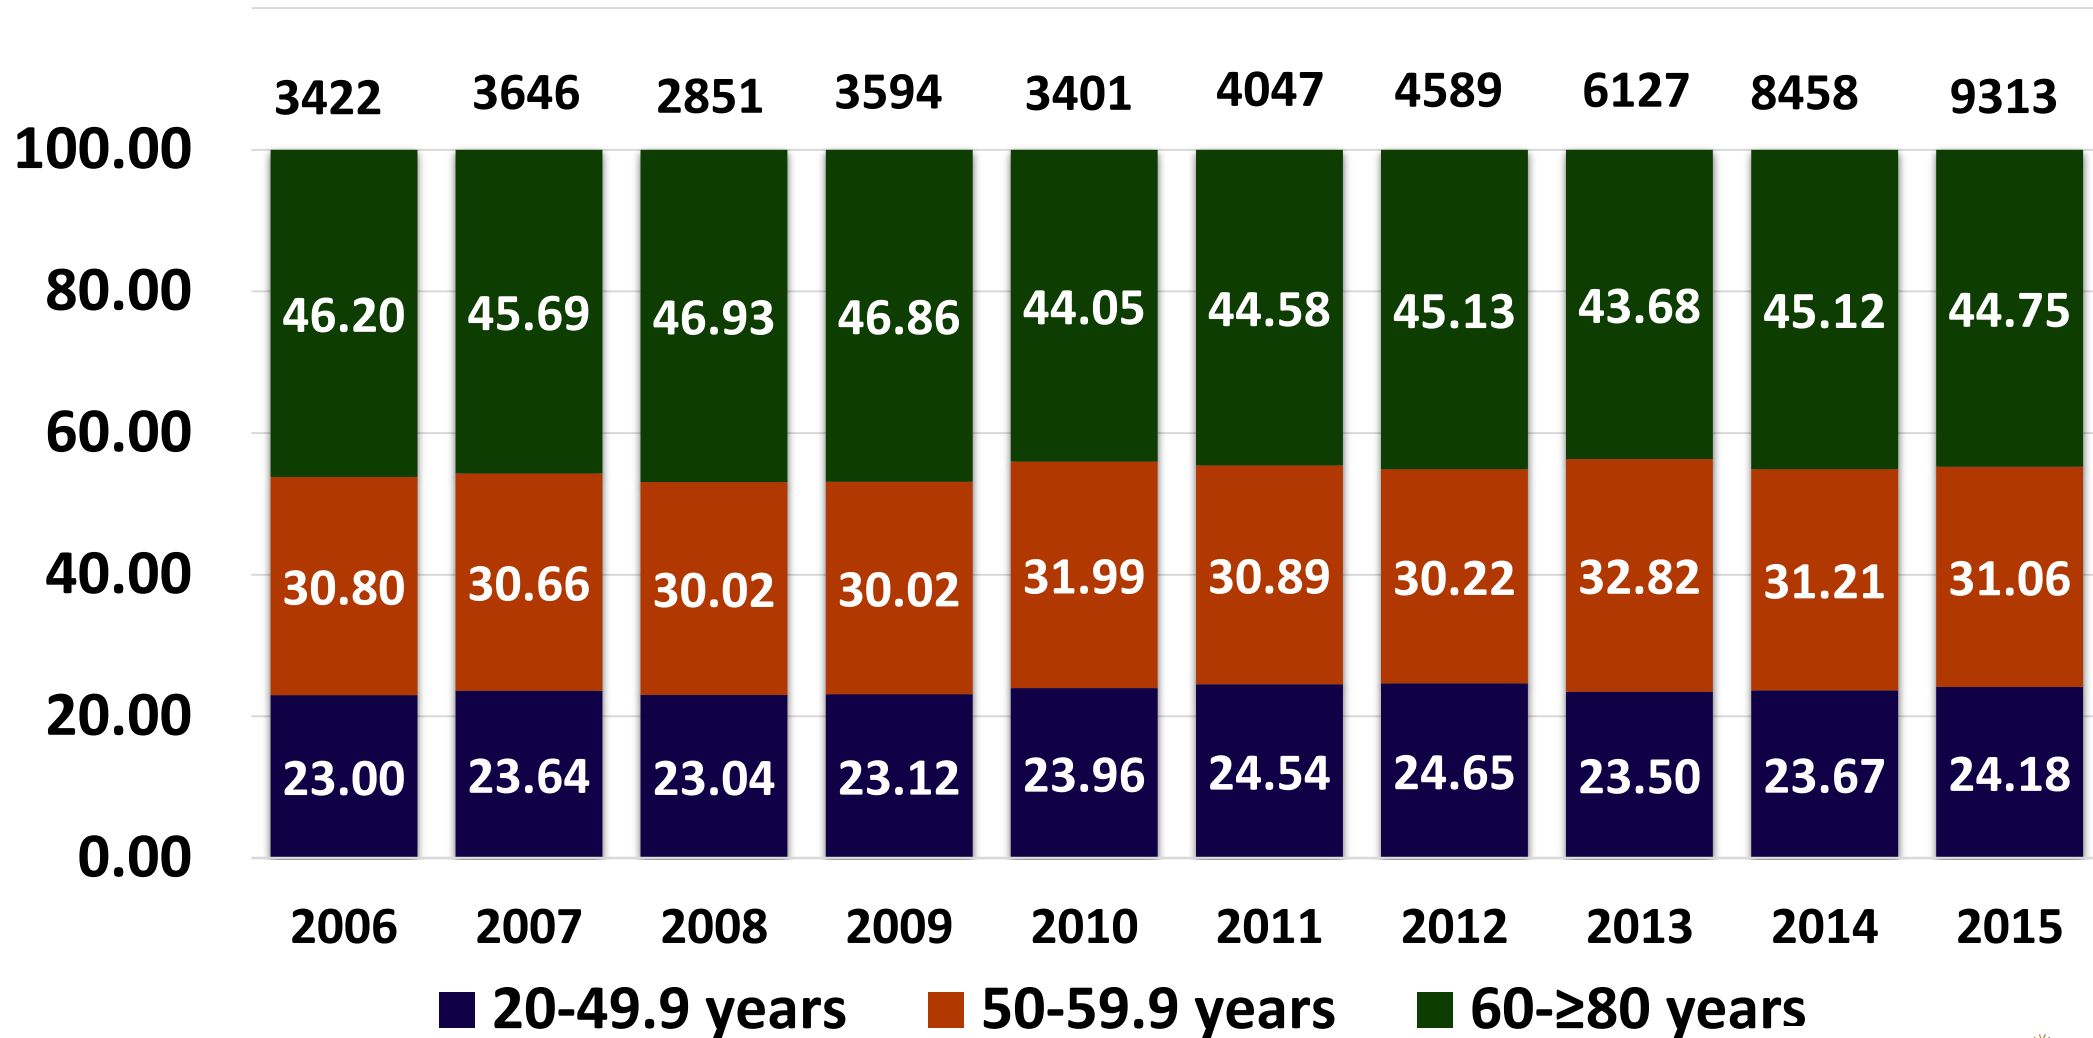

Table 5: Gender distribution of patients with ACS (%), 2006-2015

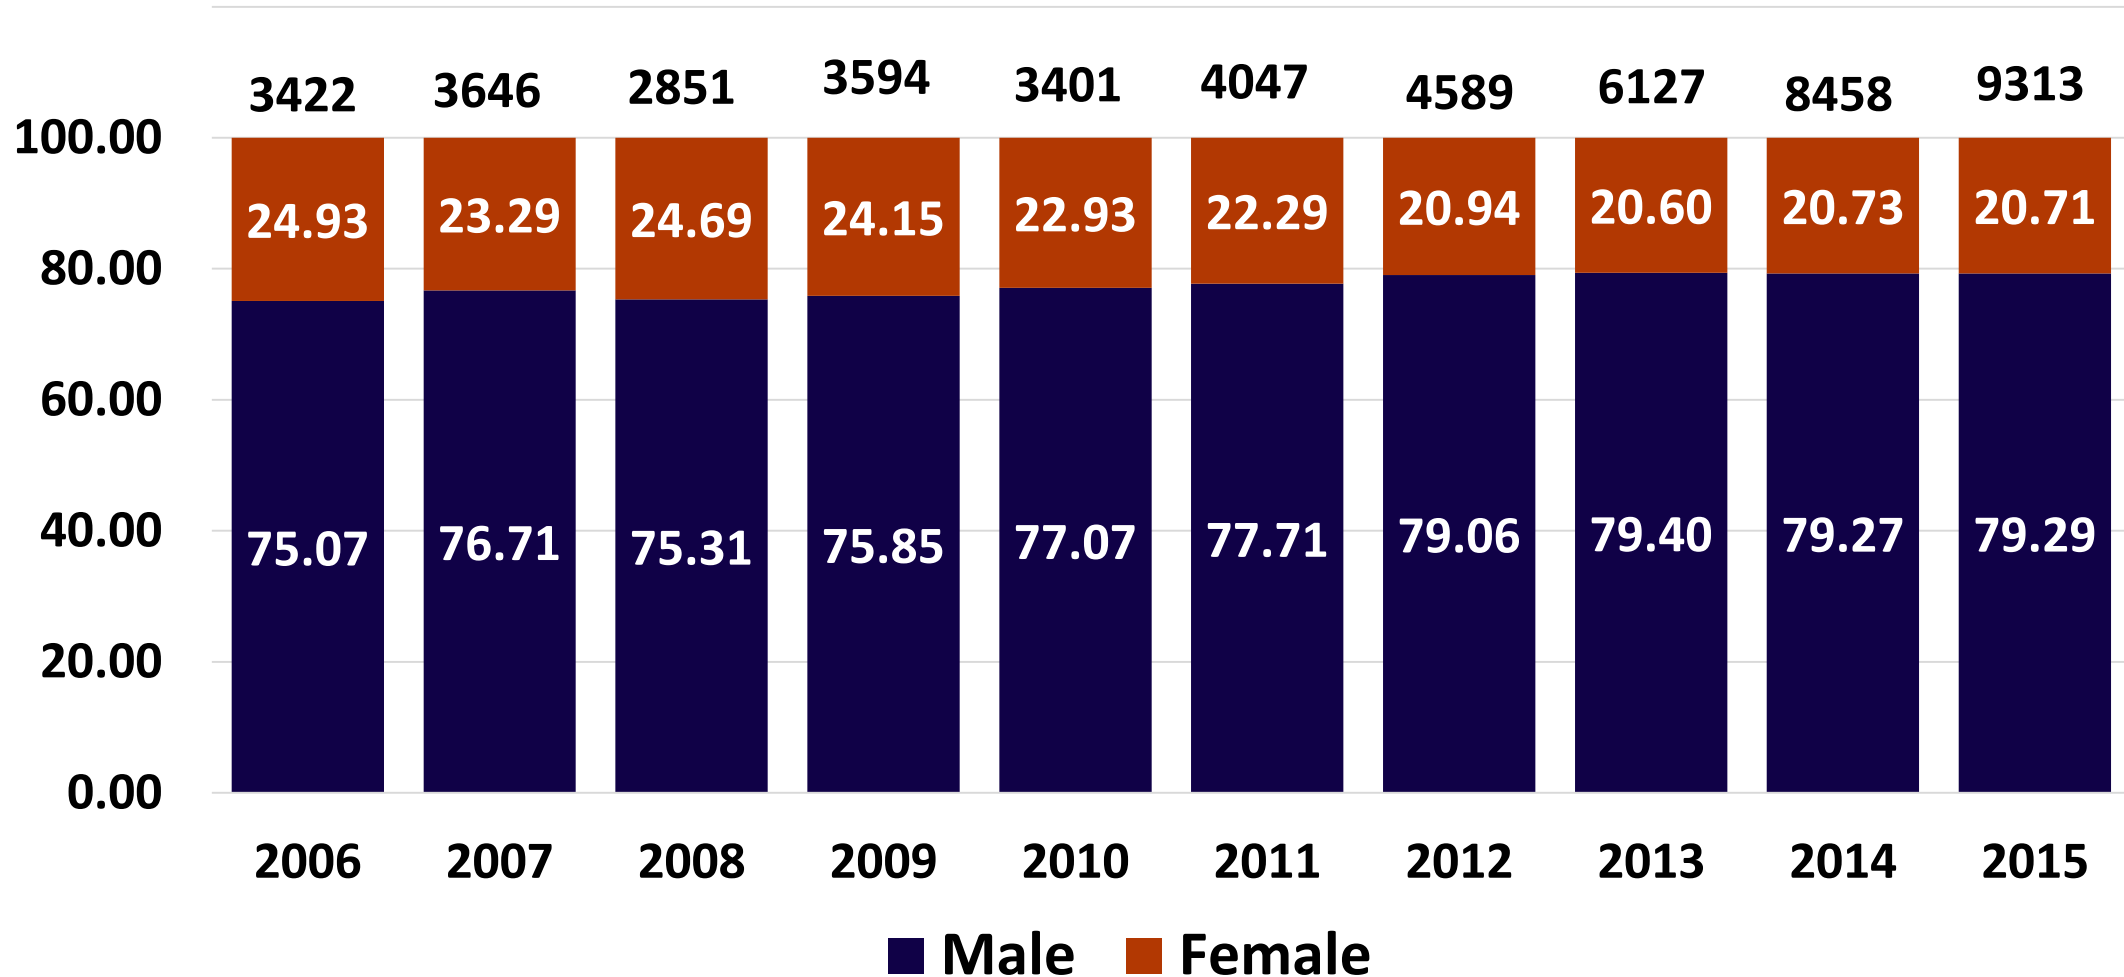

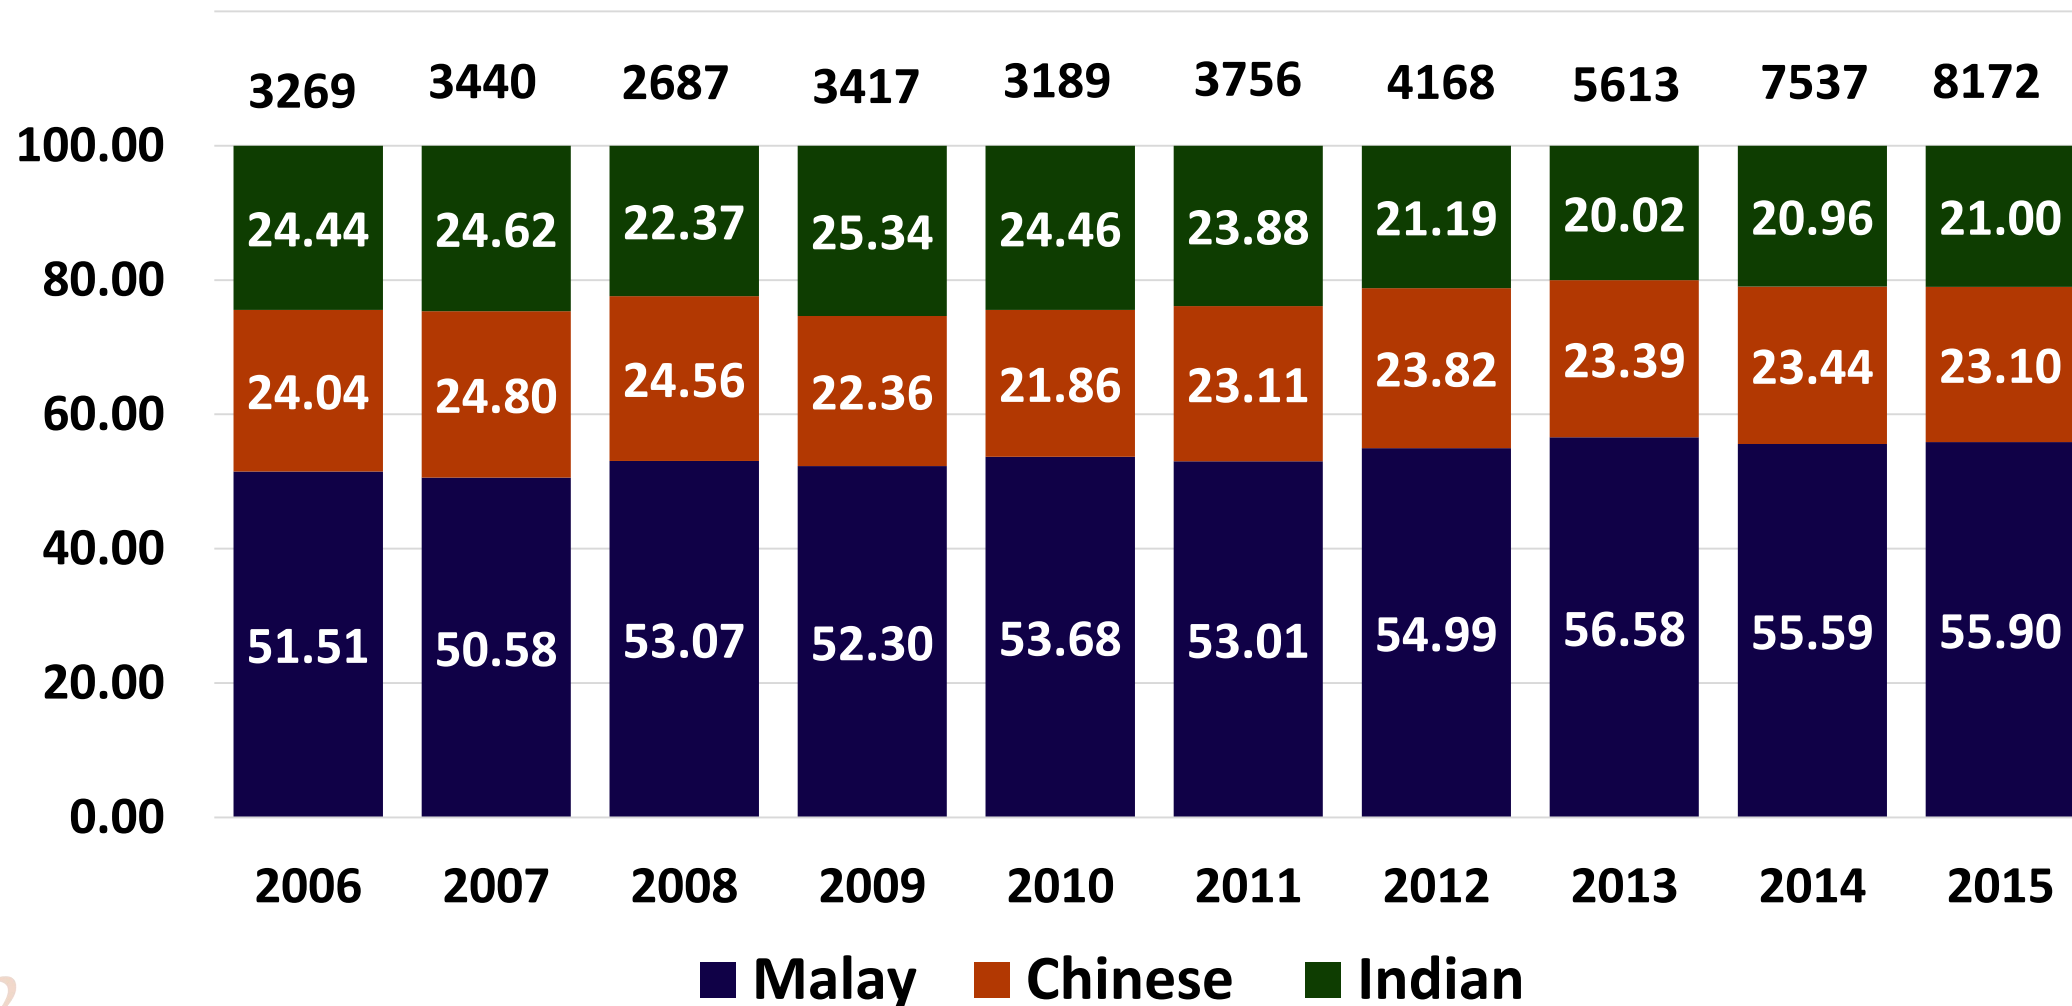

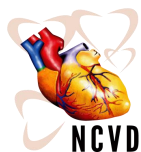

Table 6: Ethnic distribution of patients presenting with ACS (%), 2006-2015

\* Only data from the three major ethnic groups presented here

# Table 7: Smoking and patients presenting with ACS (%), 2006-2015

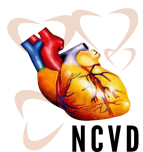

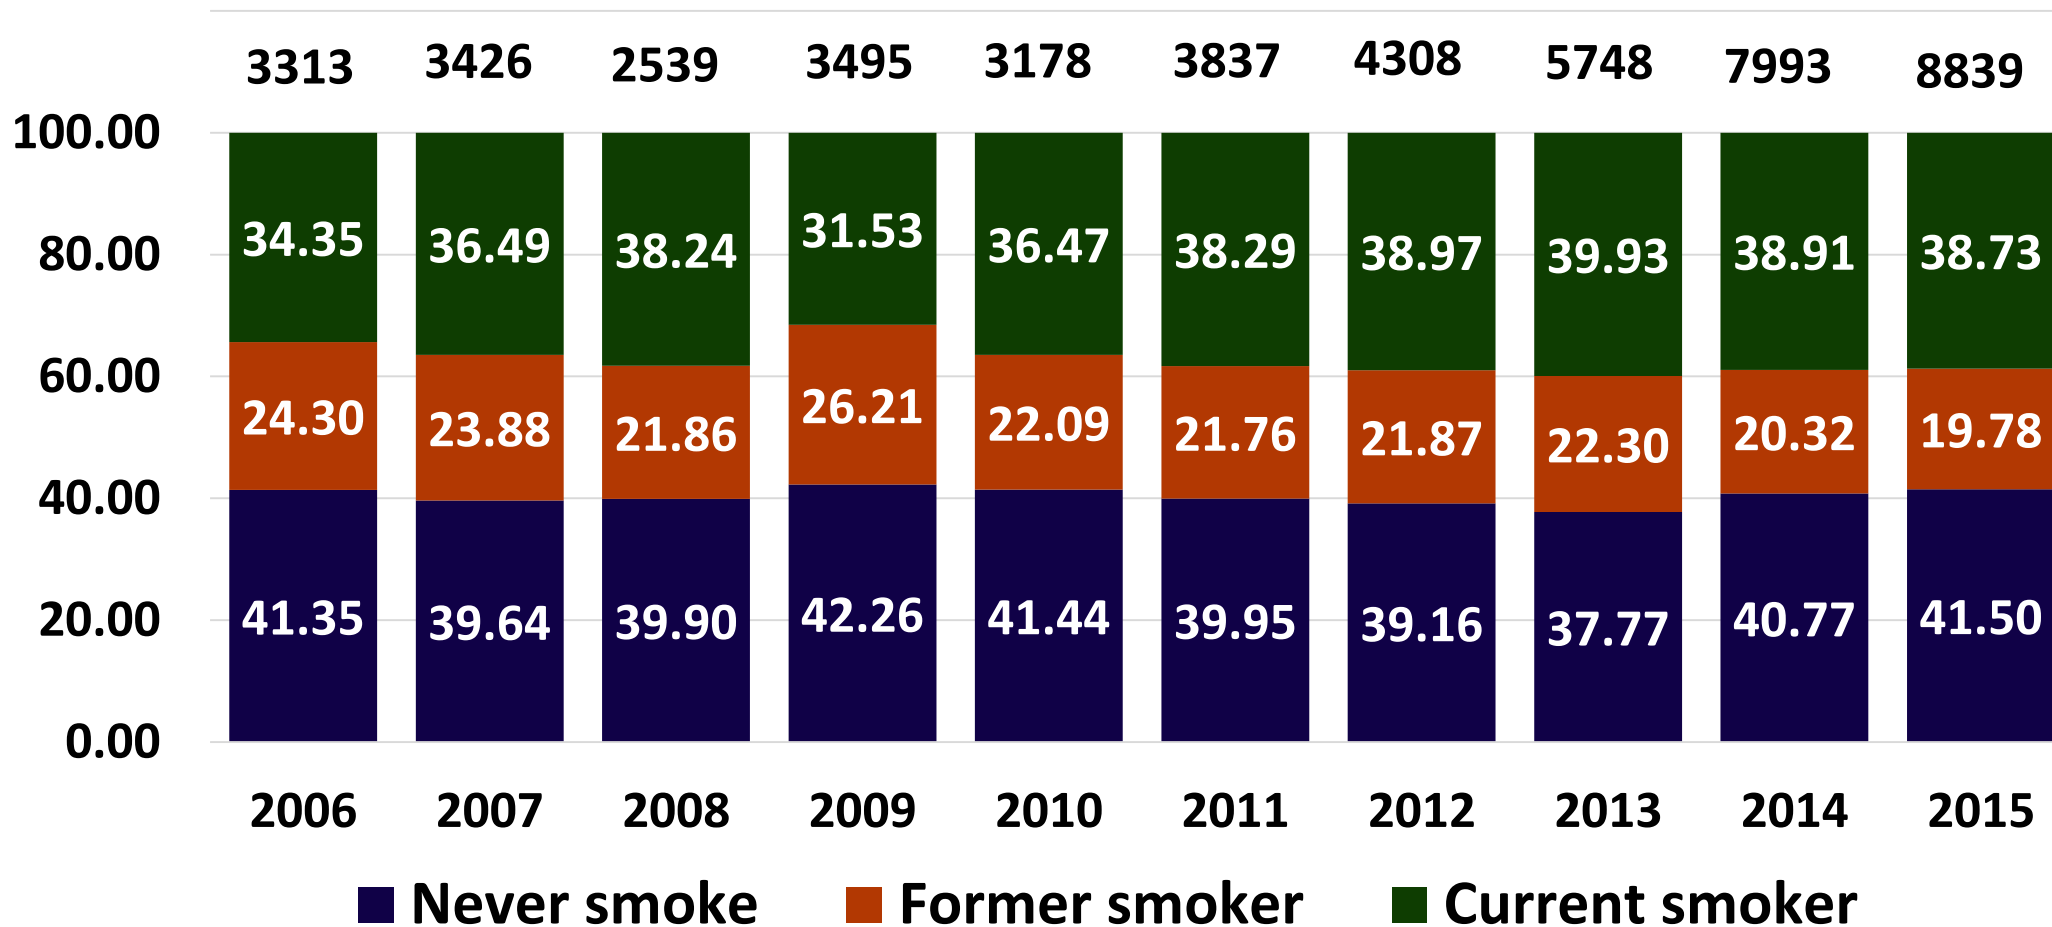

Table 8: Body Mass Index (BMI) and patients presenting with ACS (%), 2006-2015

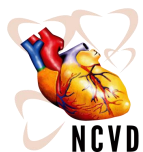

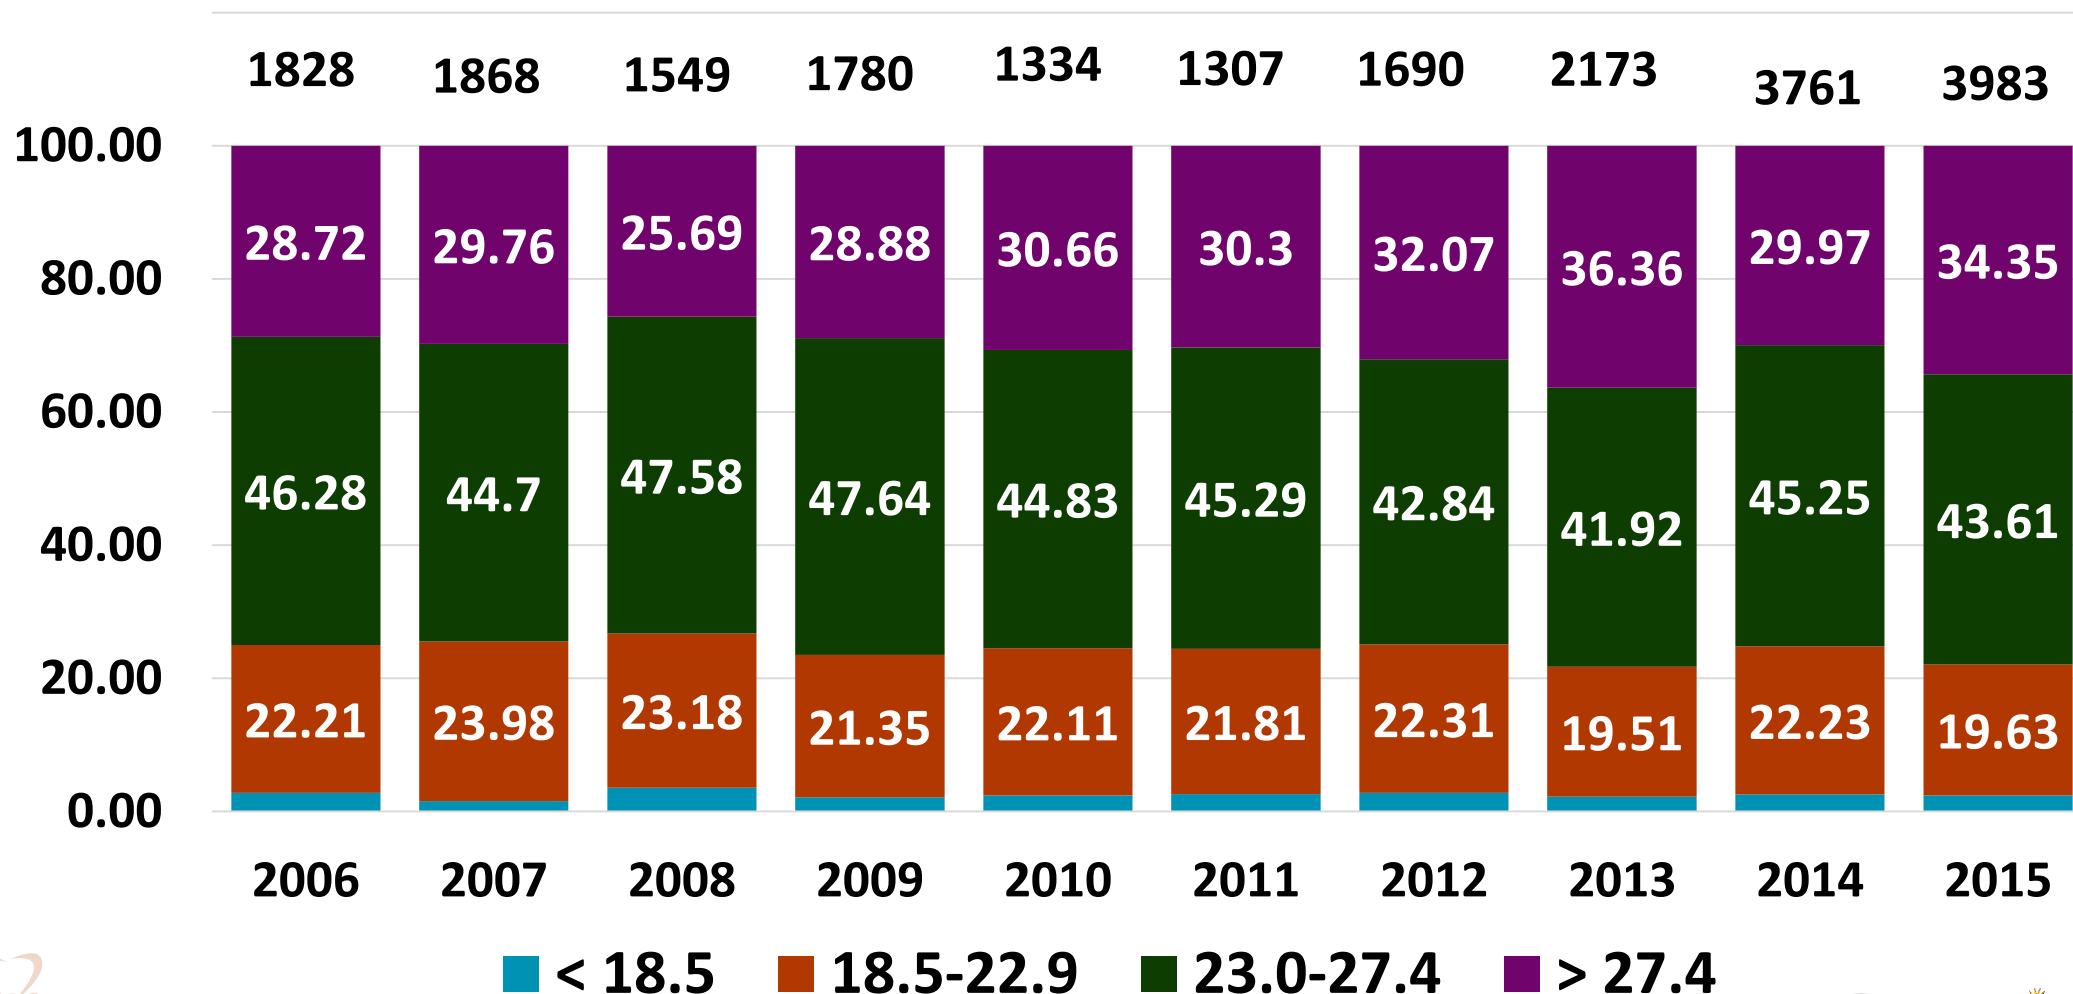

Table 9: Dyslipidaemia and patients presenting with ACS (%), 2006-2015

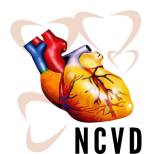

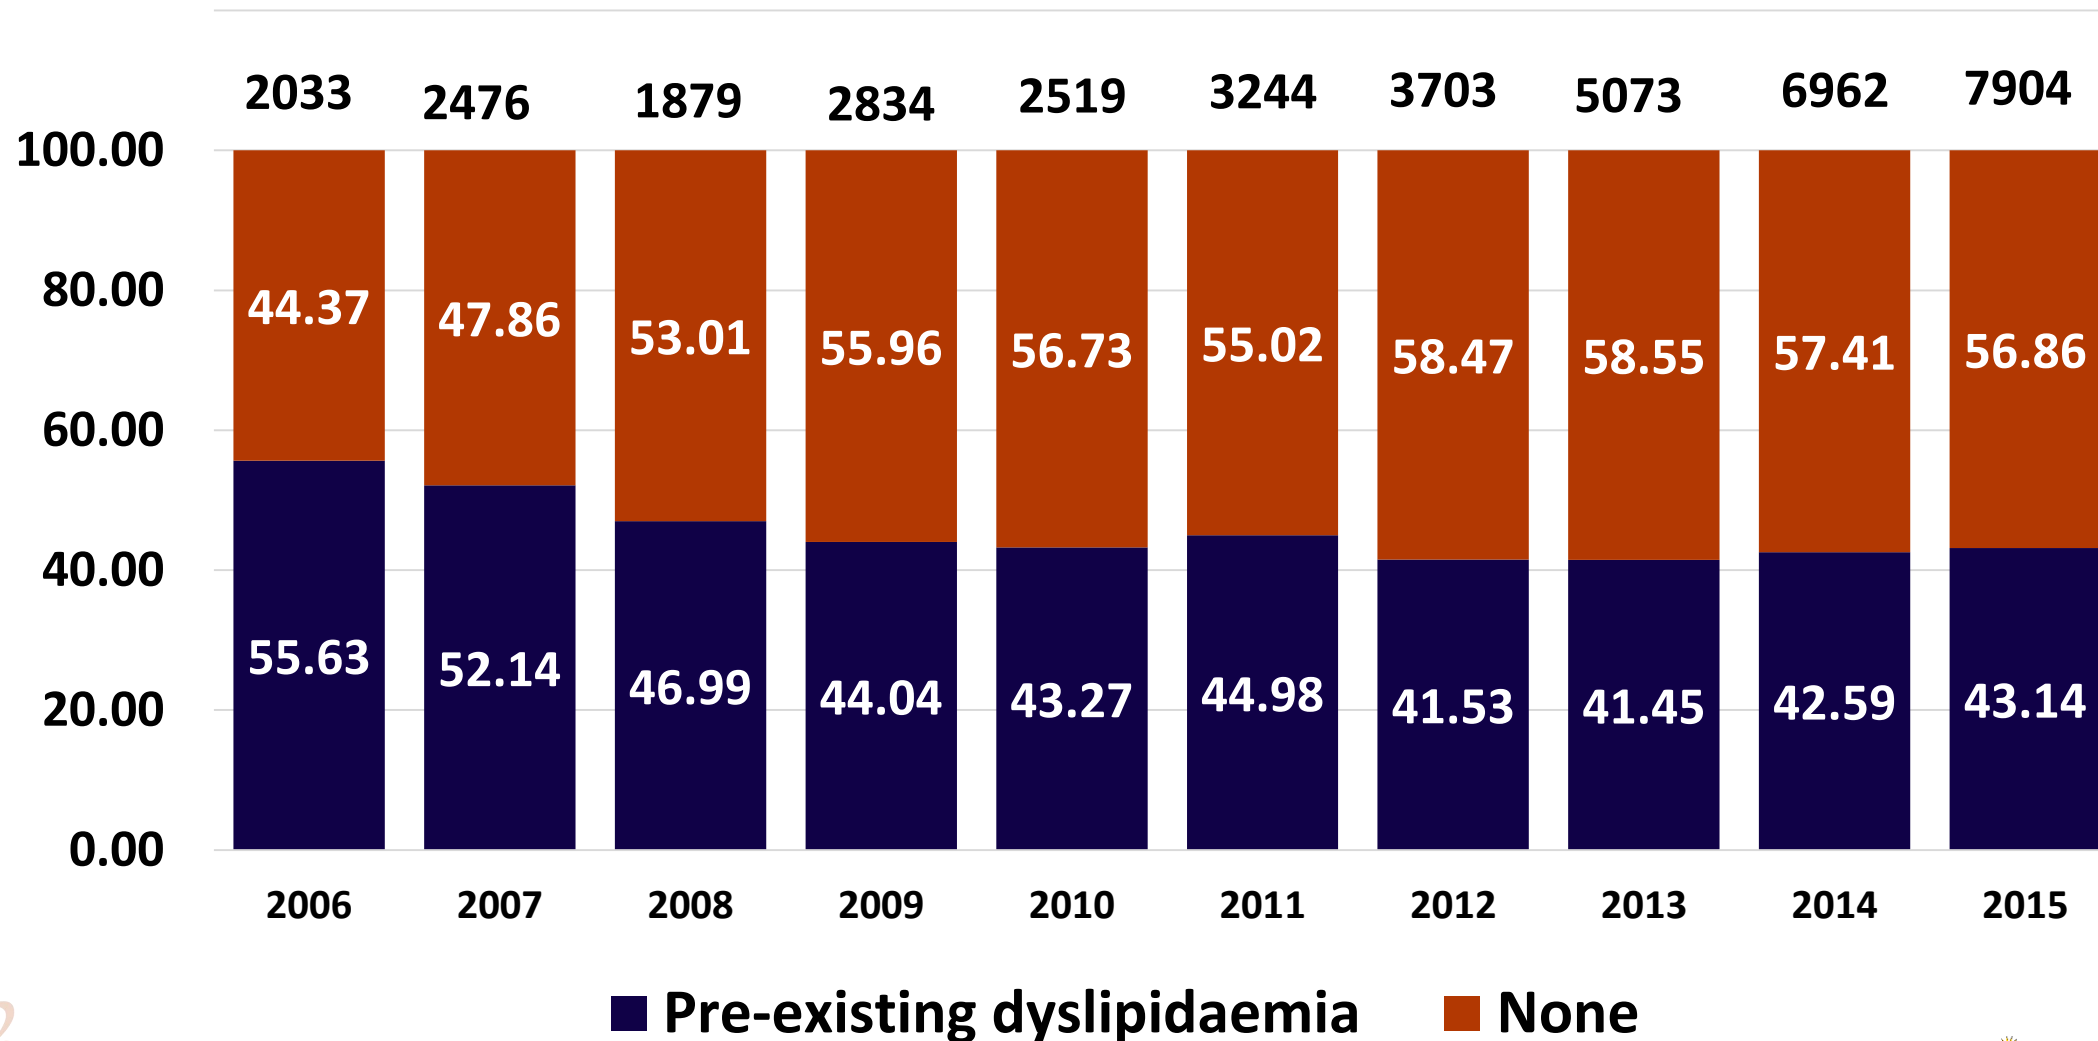

Table 10: Hypertension and patients presenting with ACS (%), 2006-2015

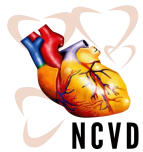

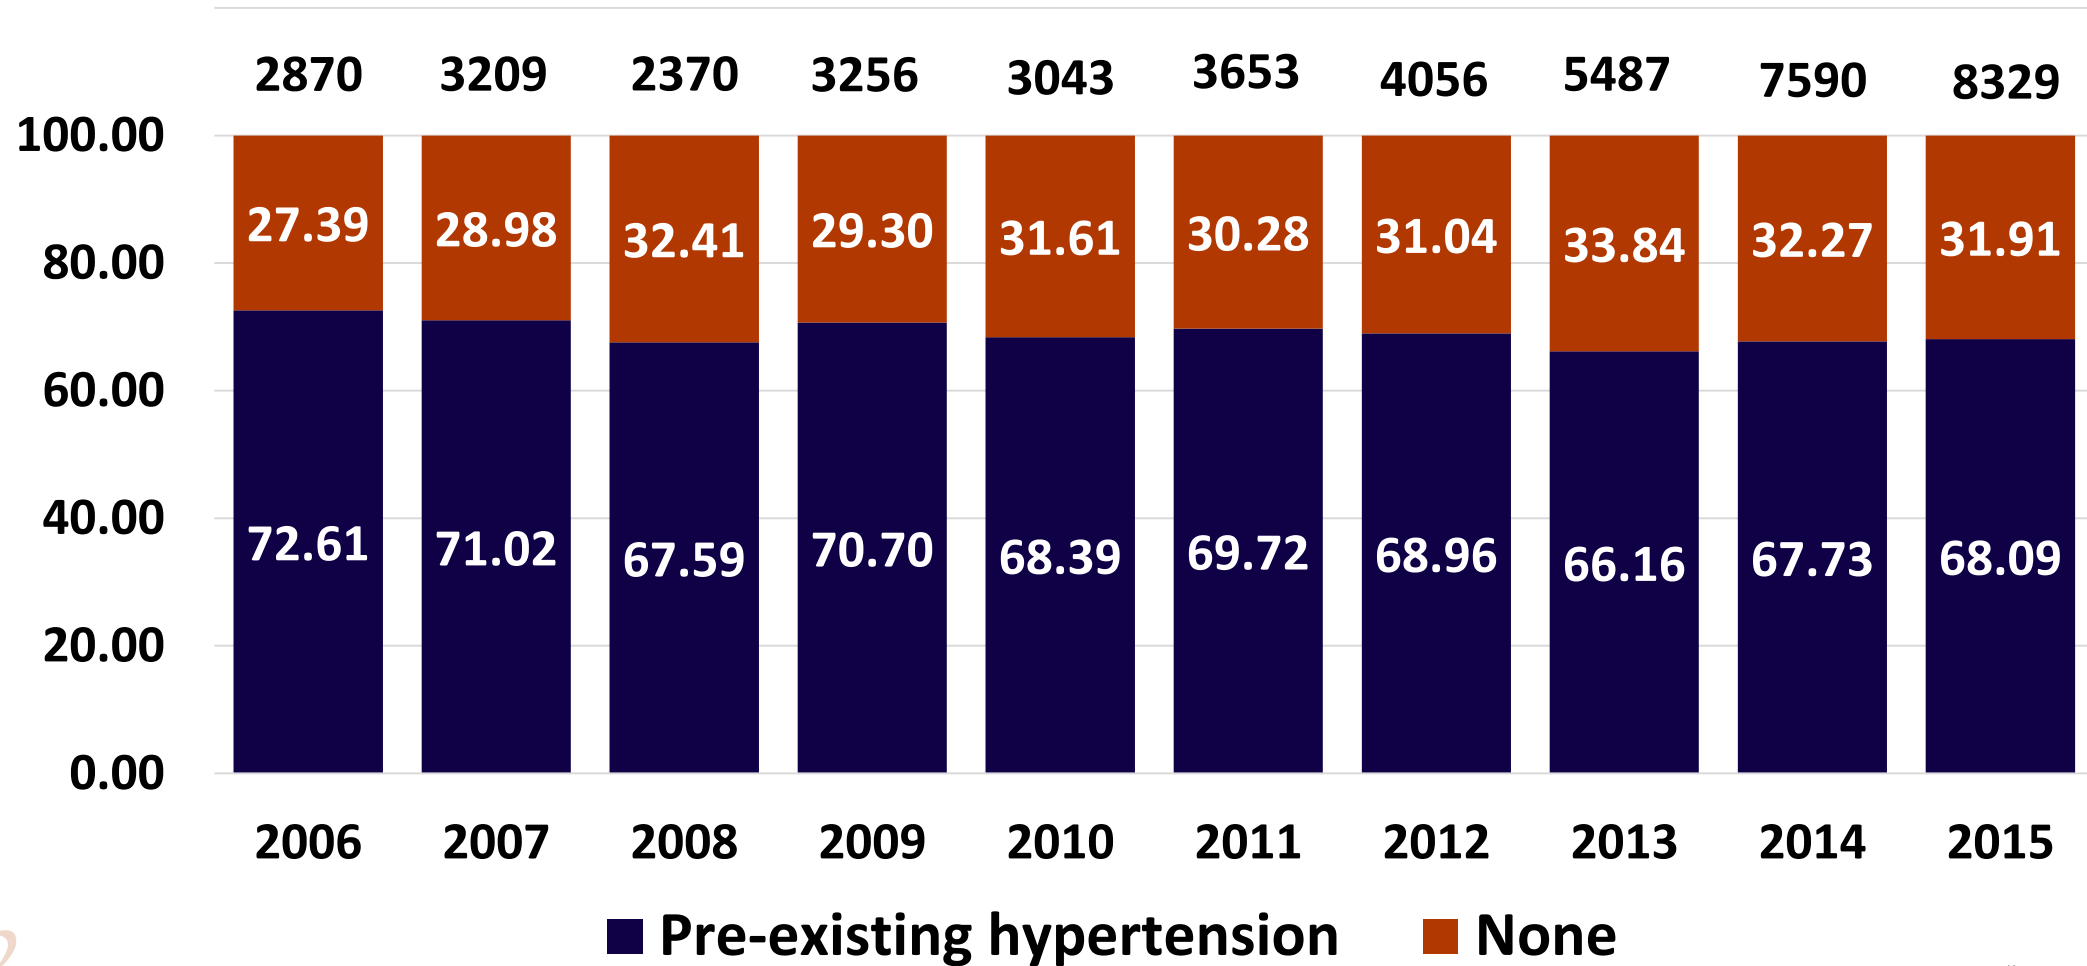

Table 11: Diabetes and patients presenting with ACS (%), 2006-2015

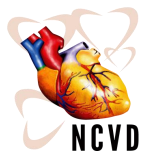

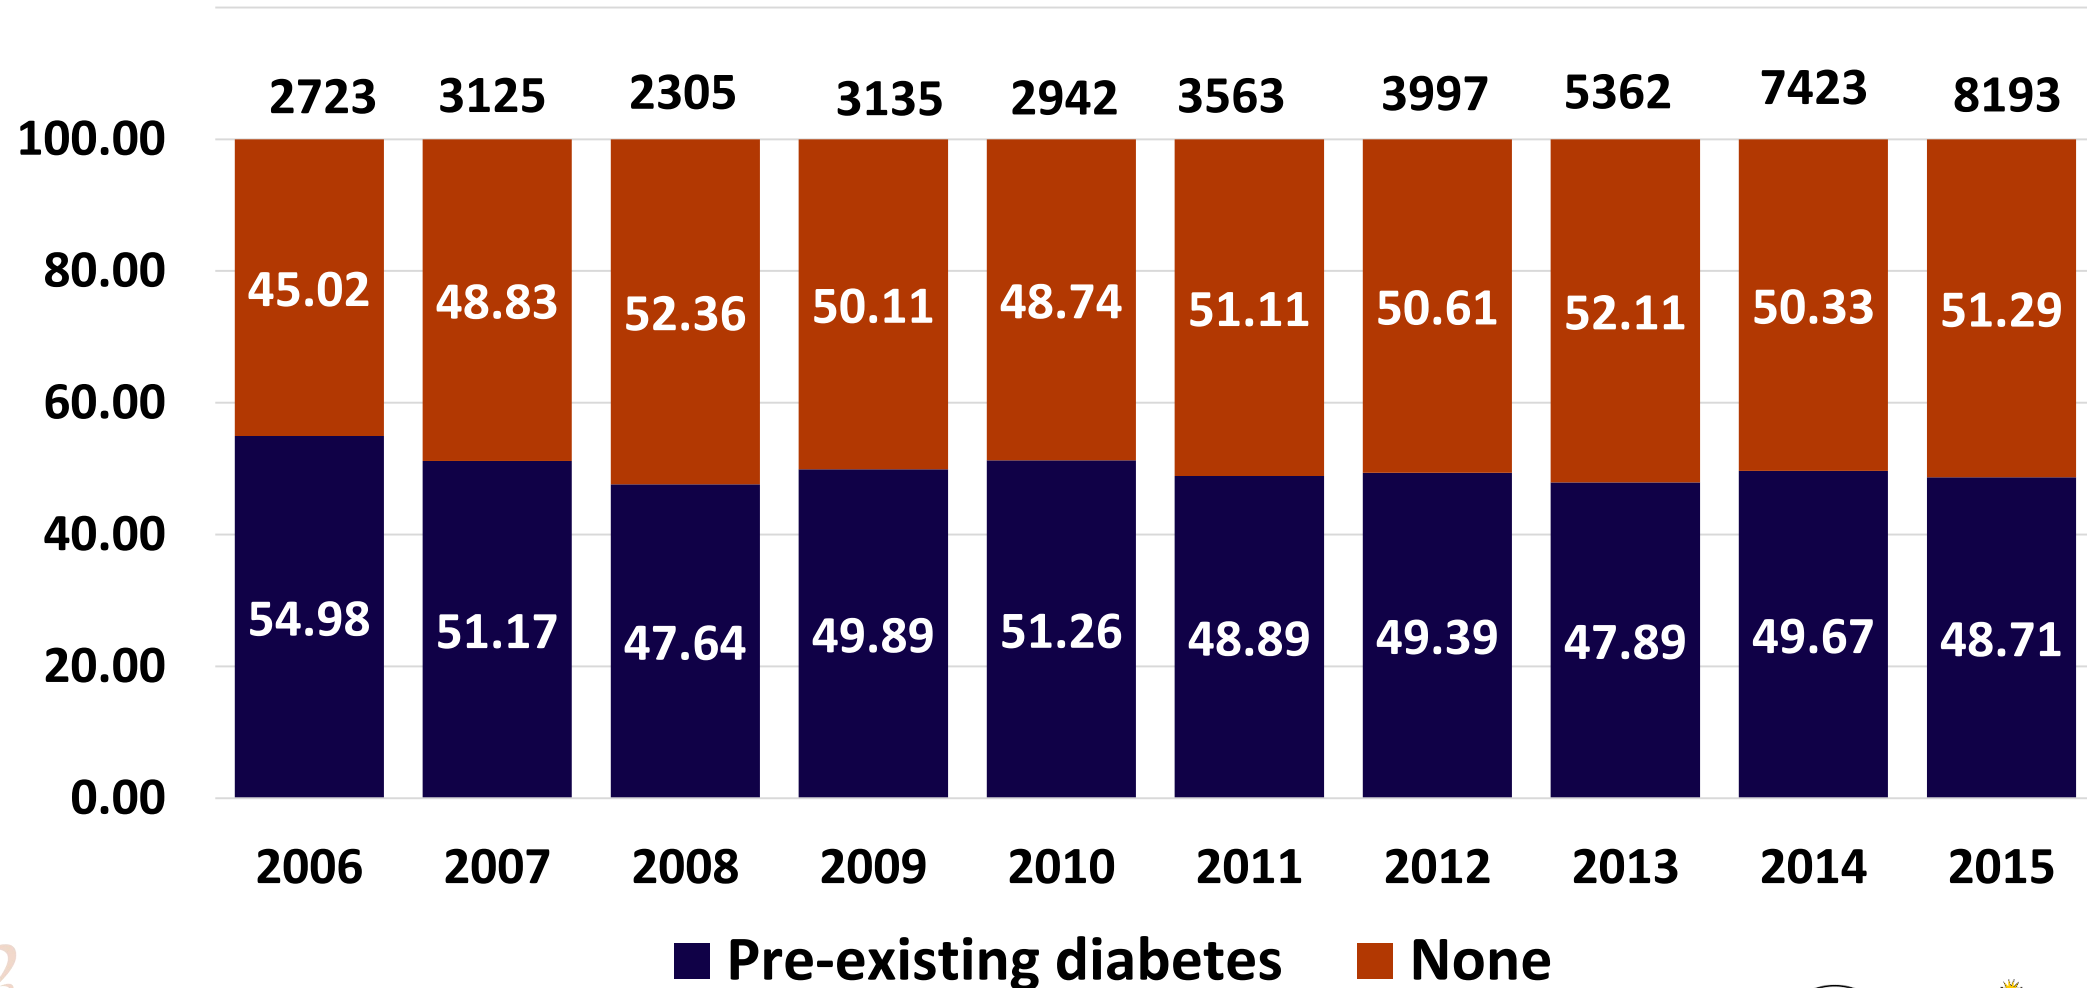

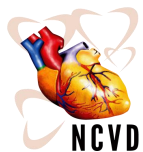

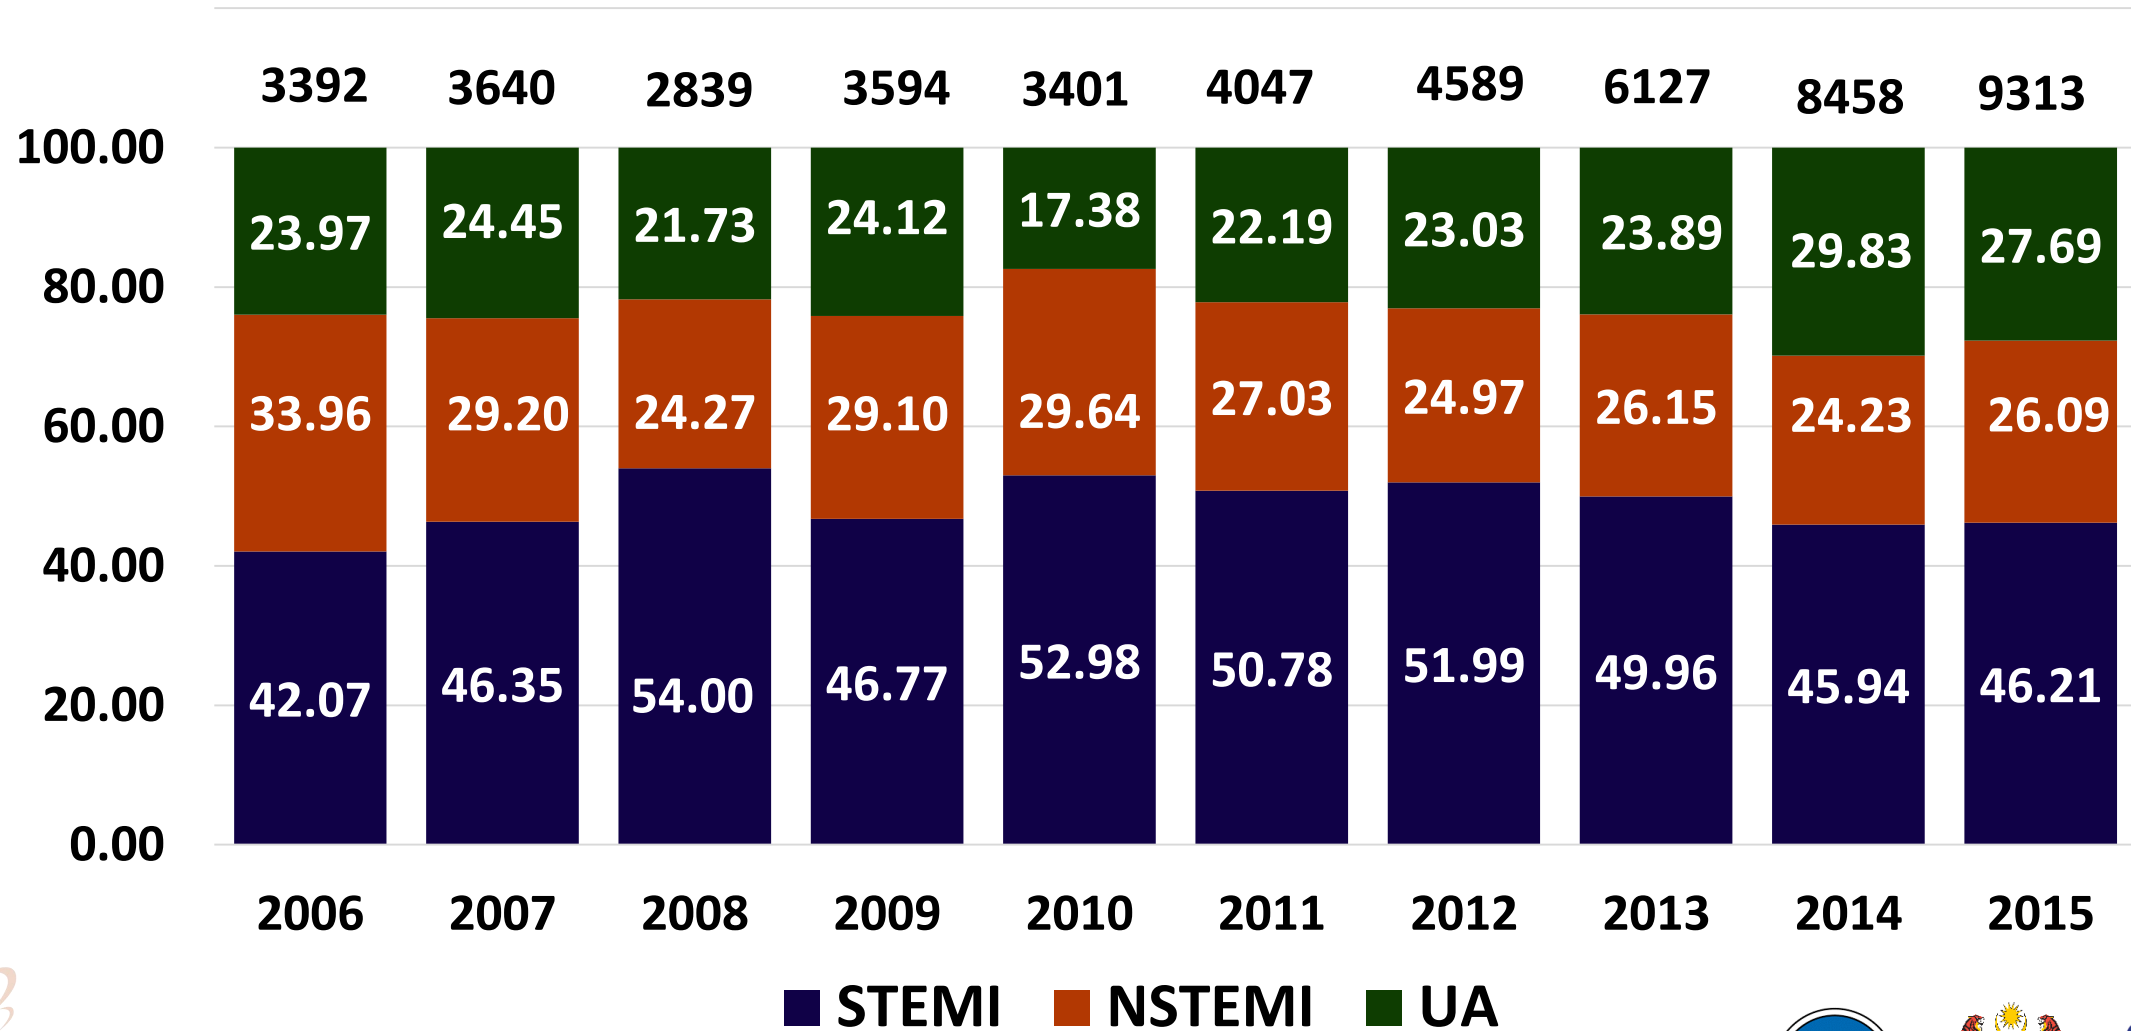

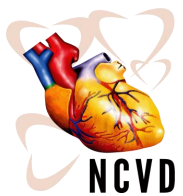

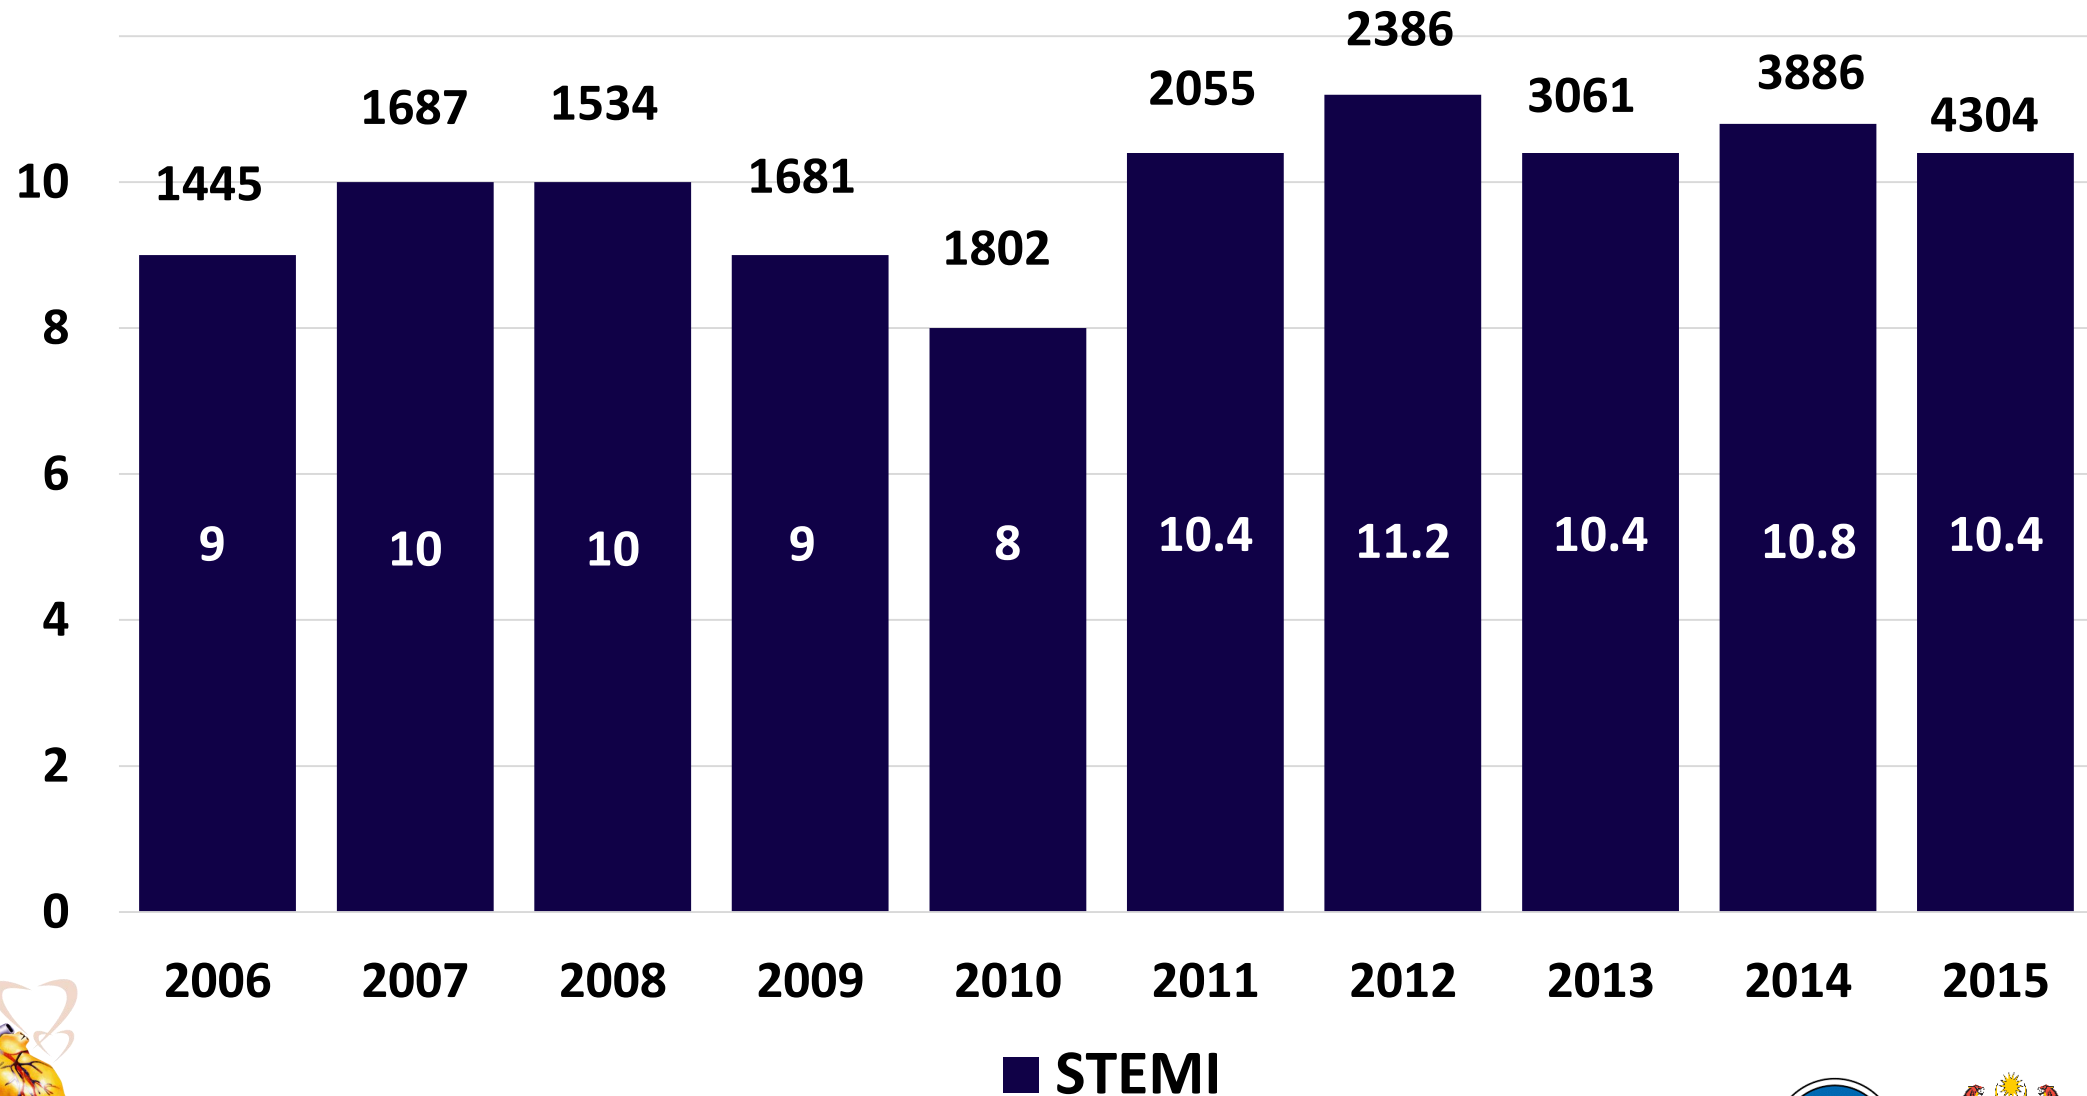

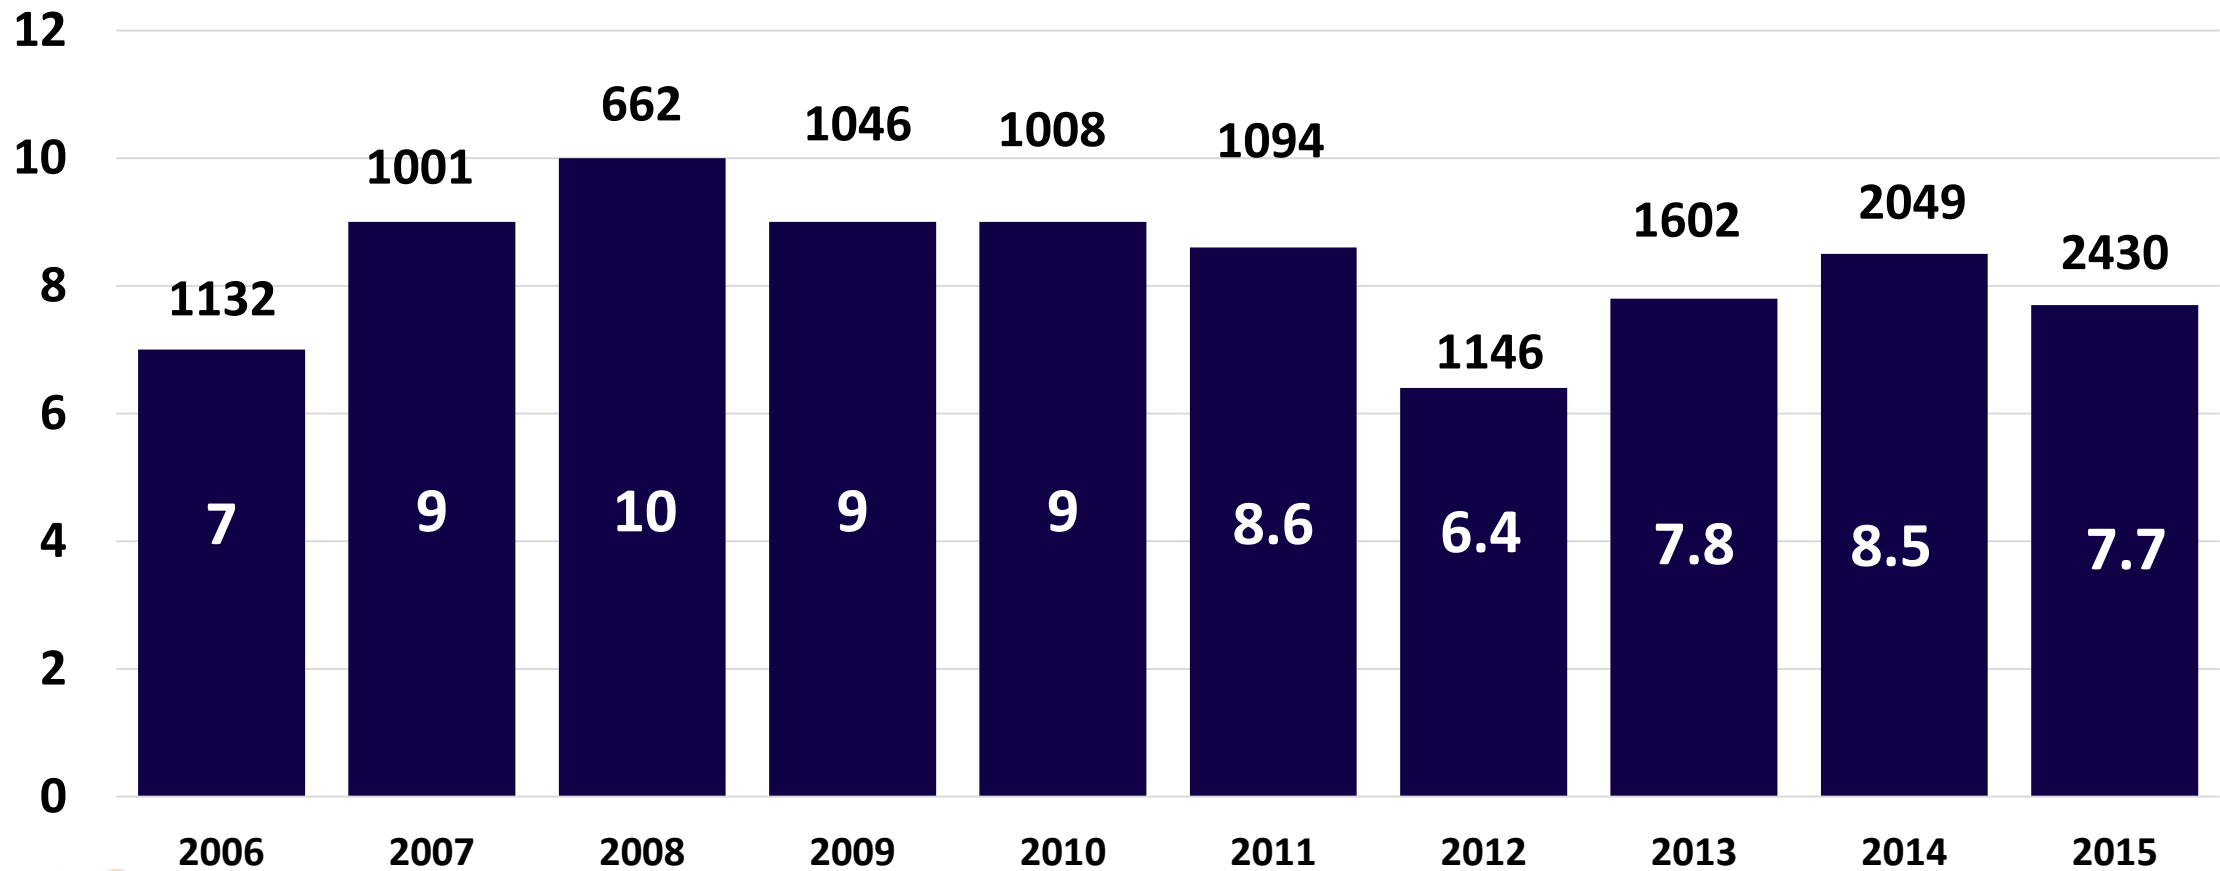

Table 12: Clinical presentation of patients presenting with ACS (%), 2006-2015

# Table 13: In-hospital mortality for STEMI (%), 2006-2015

# Table 14: In-hospital mortality for NSTEMI (%), 2006-2015

■ NSTEMI

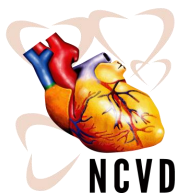

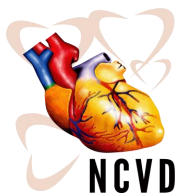

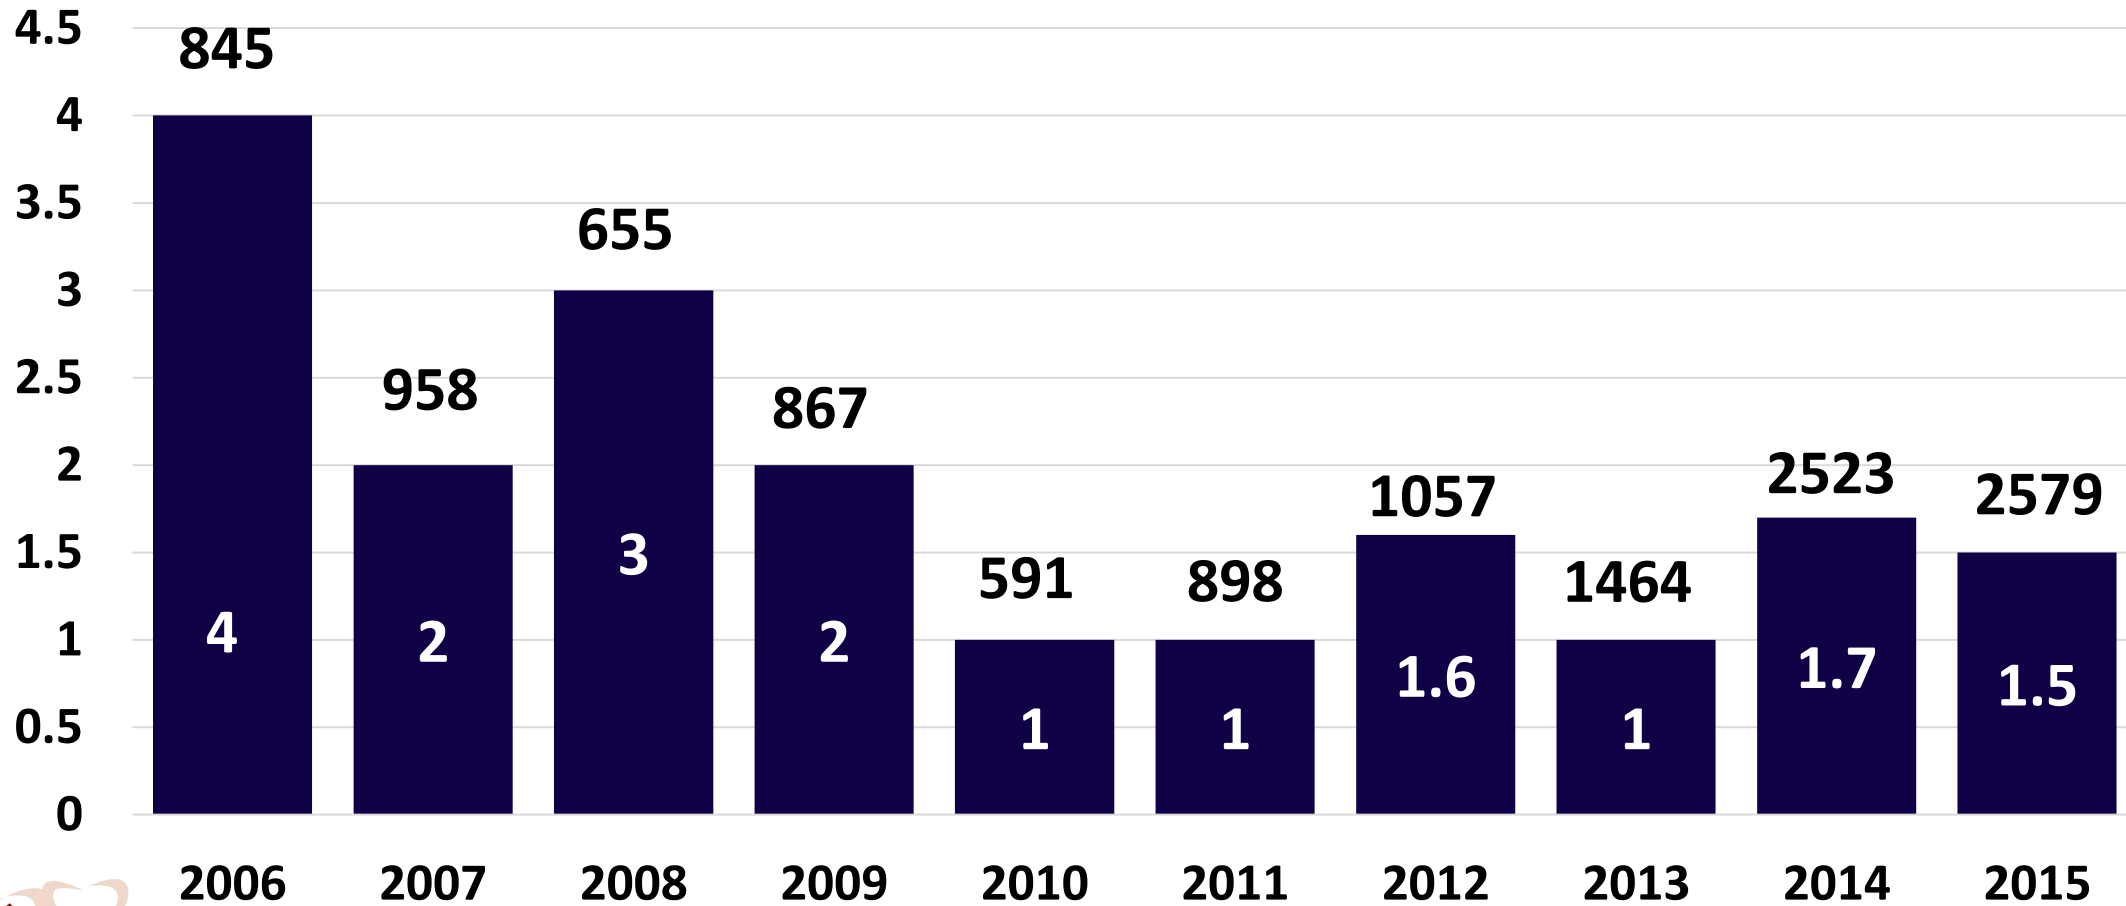

Table 15: In-hospital mortality for unstable angina (%), 2006-2015

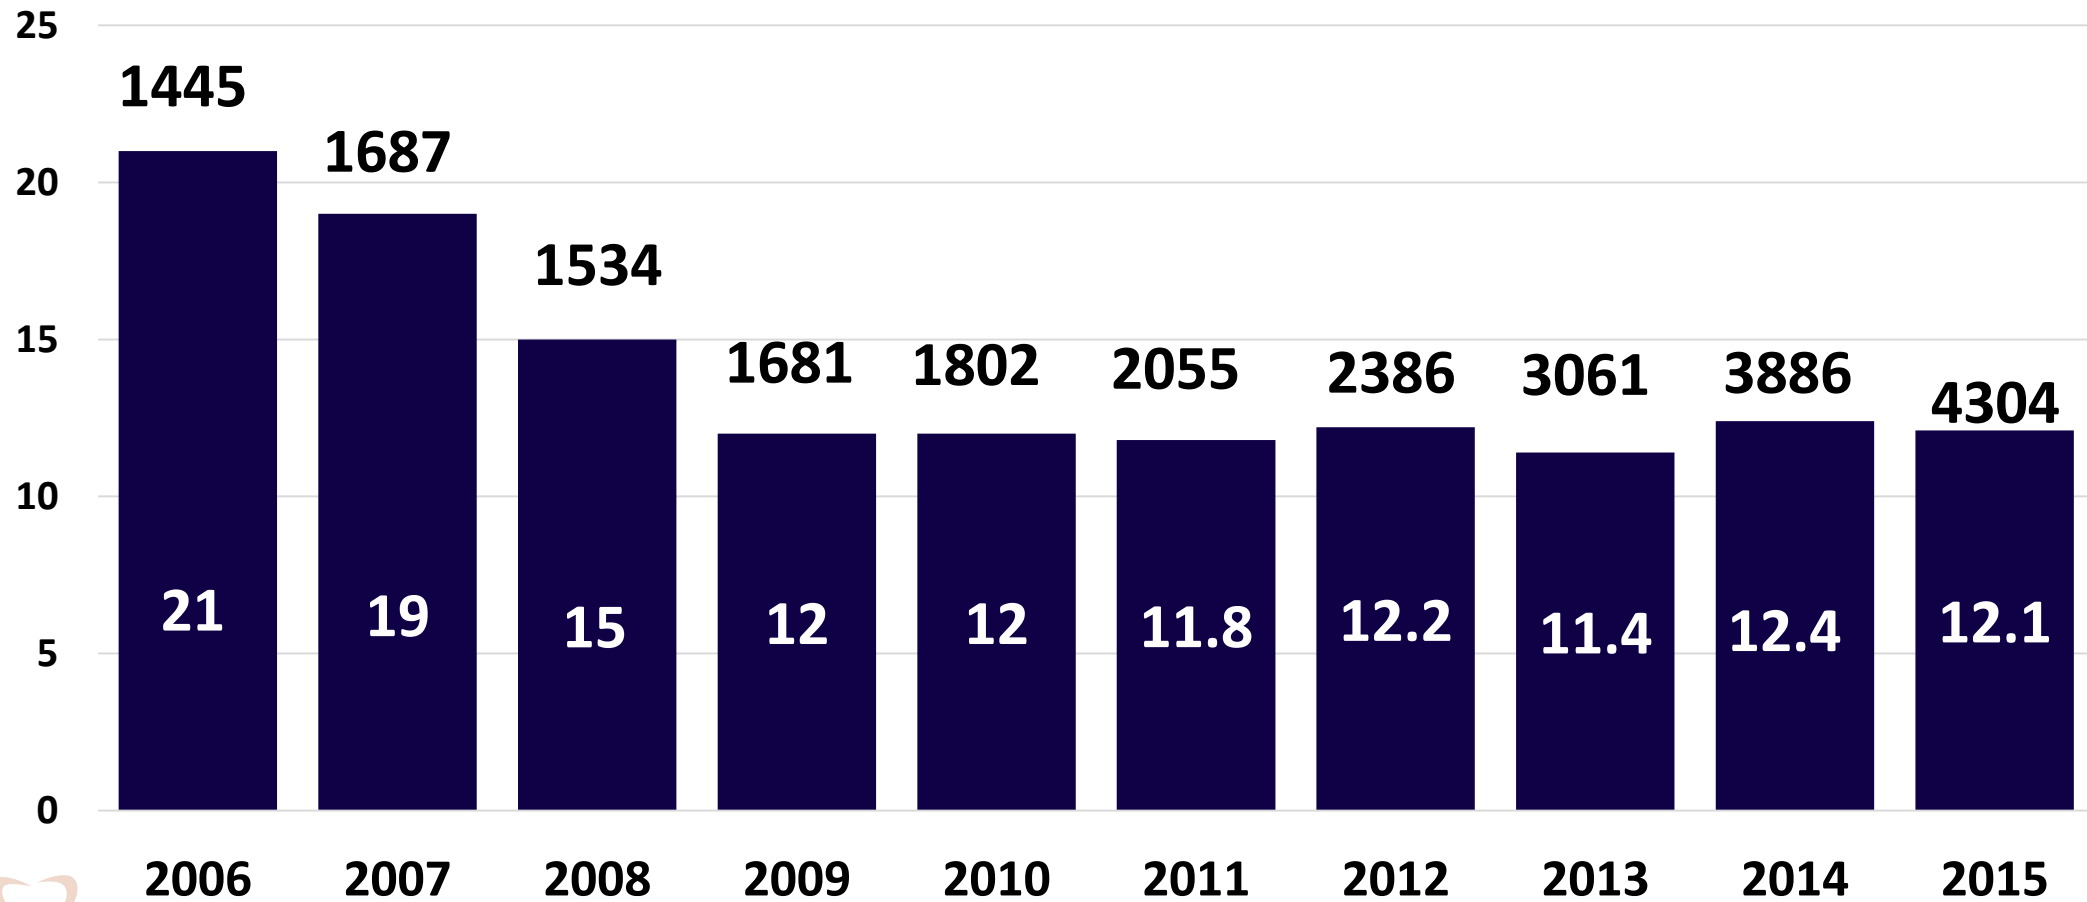

■ UA

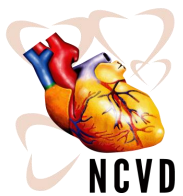

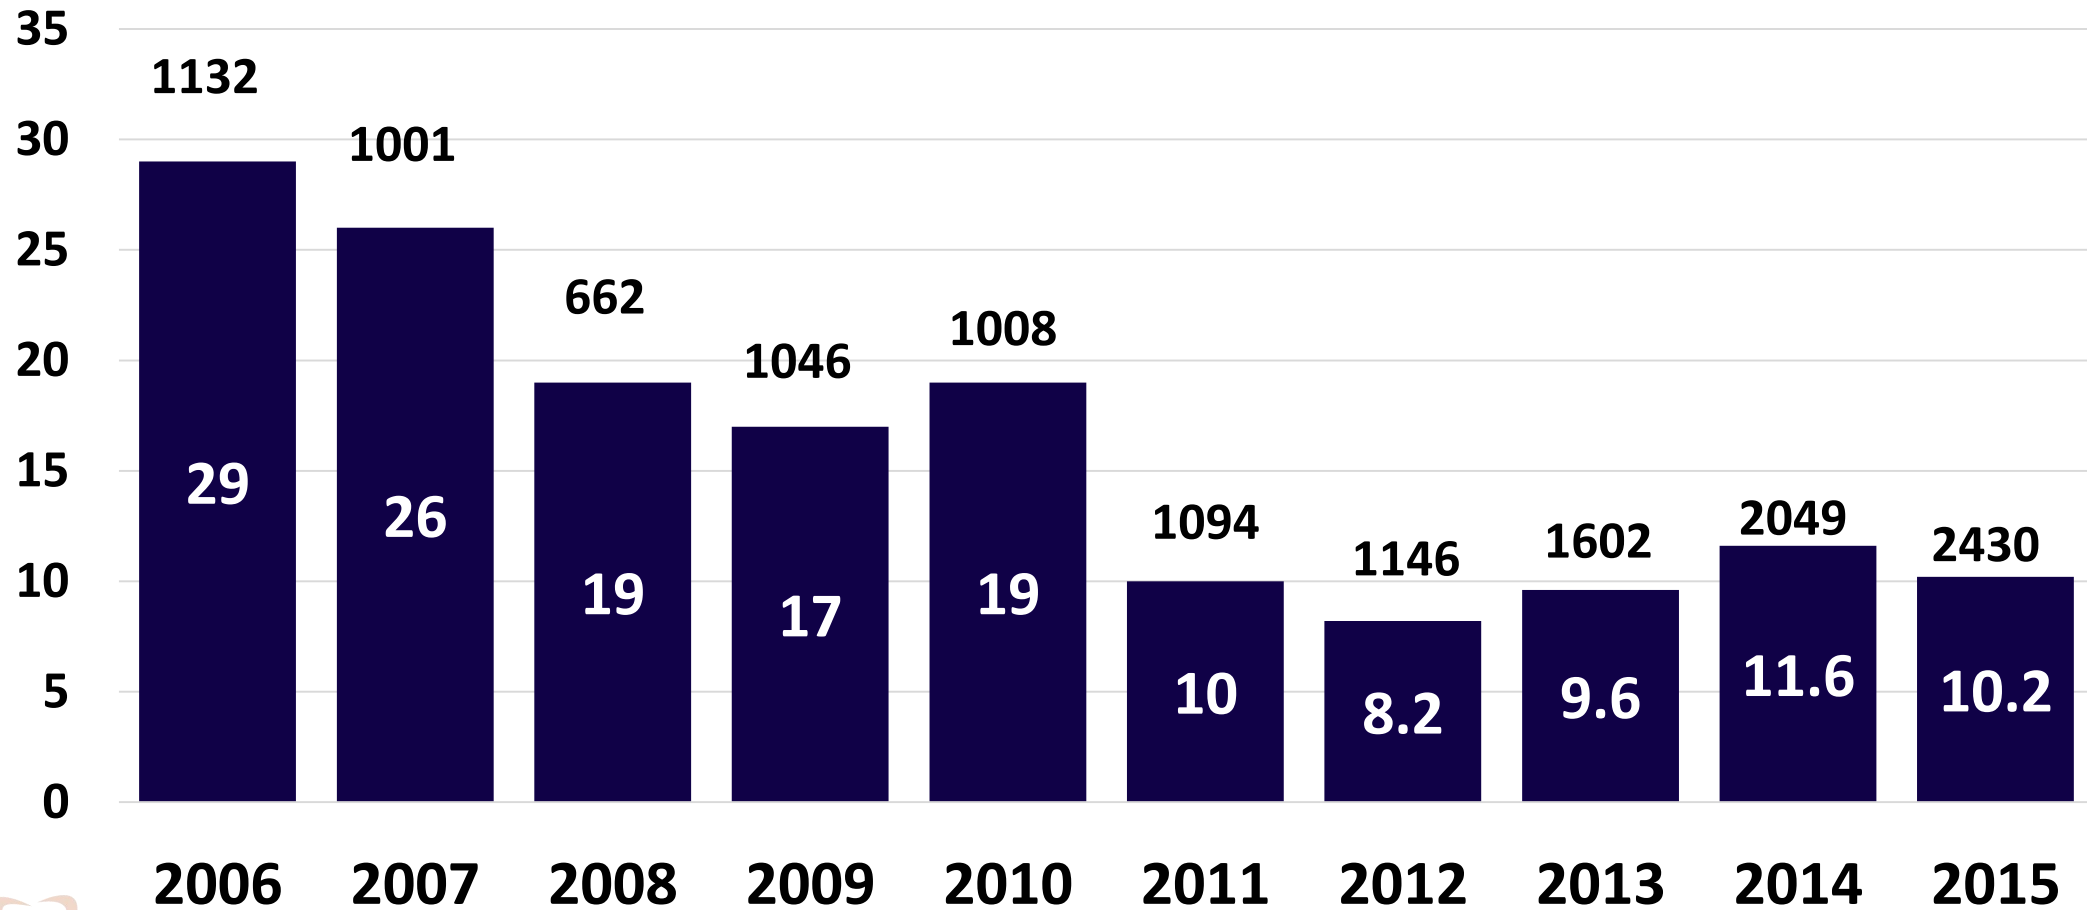

Table 16: 30-day mortality for STEMI (%), 2006-2015

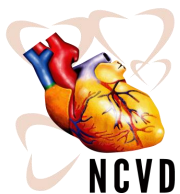

■ STEMI

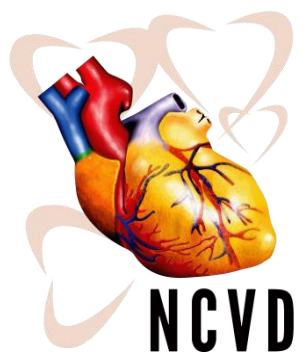

# Table 17: 30-day mortality for NSTEMI (%), 2006-2015

■ NSTEMI
