MEETING INFORMATION

What TCTAP can provide

- Review the latest basic and clinical investigations to guide how to manage optimally the patients with vascular or structural heart disease.
- Integrate the newest interventional techniques and devices related to patient care in the coronary, peripheral and carotid arteries, and structural heart disease.
- Compare and contrast different approaches to treat the same type of lesion, and apply an optimal treatment to various patients in their clinical practice.
- Learn numerous treatment strategies through reviewing diverse challenging cases submitted from all around the world and discussing with the world renowned experts.
- Integrate adjunctive pharmacologic management in treating patients with cardiovascular disease and patients underwent intervention therapies.

Who attends TCTAP

- Interventional cardiologists
- General cardiologists
- Physicians interested in cardiology and vascular medicine
- Radiologists
- Basic scientists
- Vascular medicine specialists
- Vascular surgeons
- Cardiac surgeons
- Interventional pediatricians
- Nurses and technologists
- Other health care professionals with special interest in the interventional vascular therapy and medicine

Who supports TCTAP

- TCTAP is organized by CardioVascular Research Foundation (CVRF) and supported by Heart Institute of Asan Medical Center (Seoul, Korea) and partially funded by educational grants from commercial supporters.
- The CardioVascular Research Foundation wishes to extend special appreciation to Clinical Research Center for Ischemic Heart Disease for their continued support to our programs.

SPECIAL ACTIVITIES

6th TCTAP Award for "Master of the Masters"

This honorary award, TCTAP Award "Master of the Masters", will be presented in the Main Arena to the one of the Greatest Masters who is playing a significant leading role in the field of interventional cardiology as well as in the TCTAP meeting over the years.

TCTAP Wrap-up Interviews

Moderated wrap-up interview sessions will be running at the studio during the meeting with world’s leading experts in the field of vascular medicine, which will deliver comprehensive knowledge and professional experience in depth on selected key topics of current issues.

7th TCTAP Best Young Scientist Award

This award is intended to acknowledge, recognize mid-level young clinical investigators whose academic clinical research or case study can lead to the development of cardiovascular medicine. The award is presented during TCTAP conference and the recipient receives a $5,000 scholarship and certificate of recognition.
Program Highlights

Live Case Demonstration by Renowned Expert Groups Transmitted from Globally Reputed Medical Center

- Columbia University Medical Center, USA
- St. Paul’s Hospital, Canada
- Asan Medical Center, Korea
- Severance Hospital, Korea
- Seoul National University Bundang Hospital, Korea

Challenging Case & Abstract Competition Sessions

- Competition sessions for accepted abstract and case with the expert’s focus review

Endovascular Intervention Course

This one & a half day course will provide practical tips & tricks on procedural techniques and devices for SFA, BTK, Renal, AAA and Carotid Intervention

TCTAP Workshop

- Intensive one-day workshop sessions with a comprehensive overview of basic & fundamental concepts and latest updates on Complex PCI (Left Main & Bifurcation), DES, New BRS (Meta Analysis), Invasive & Non-invasive Imaging and Physiology, ACS & Antithrombotic Therapy and Valves
