

APSAVD 25-26th June 2020 KL Convention Centre 'Expanding the horizon of atherosclerosis'

Thursday, 25th June 2020

Time	Hall 1	Hall 2	Hall 3
0800-0900	Breakfast workshop- case based learning- 'Managing the inflamed patient' - A multidisciplinary approach	Case based learning-the FH patient	Case based- the female with high calcium score
0900-0945	Plenary 1: The failing diabetic heart		
0945-1030	Opening Ceremony		
0945-0955	Opening Speech by President of APSAVD		
0955-1000	Opening speech by President of NHAM		
1000-1020	Plenary 2: Akira Yamamoto Commemorative Lecture "A century's worth of Atherosclerosis"		
1020-1030	Opening ceremony 'ribbon cutting/ gong/ etc'		
1030-1100	Exhibition visit and coffee break		
Time	Hall 1	Hall 2	Hall 3
1100-1230	Symposium 1: Approaches in Preventing CVD Risk 1. What is new in risk prediction? 2. Genetic burden in CVD risk prediction 3. Risk prediction for add on LLT	Symposium 2: Epidemiology of CVD in Asia 1. Japan 2. Taiwan 3. Epidemiology of CRF in Malaysia MyHebat study	APSAVD YIA (Basic Science) Oral Presentation
1230-1400	Lunch Symposium		

Time	Hall 1	Hall 2	Hall 3
1400-1530	<p>Symposium 2: IAS JAS APSAVD Joint Symposium</p> <ol style="list-style-type: none"> 1. The landscape of ASCVD across Asia 2. Challenges in treating the Asian patient 3. Approach with the polypill to reduce CVD burden 	<p>Symposium 3: The ticking time bomb dysglycaemic patient</p> <ol style="list-style-type: none"> 1. Risk prediction fallacy in dysglycaemic individuals 2. Mortality reduction where it really matters – the role of SGLT2i and GLPs 3. Is there a role for antithrombotics in managing patients with diabetes? 	<p>Basic Science 1: Obesity session</p>
Time	Hall 1		
1530-1615	Plenary 3: The future of dyslipidaemia therapy has arrived!		
1615-1630	Coffee break		
Time	Hall 1	Hall 2	Hall 3
1630-1800	<p>Symposium 4: Anti-platelet and anti-coagulant therapy in patients with coronary artery disease</p> <ol style="list-style-type: none"> 1. Focus update on antiplatelet therapy 2. Amalgamating NOACs and their indications 3. Combined antithrombotic therapy: the future of ASCVD treatment? 	<p>Symposium 5: Triggering plaque ruptures</p> <ol style="list-style-type: none"> 1. Stress and cardiovascular deaths- pattern and relationship 2. Sleep patterns and the risk of heart disease 3. Air pollution exposure and CV disease 	<p>Basic Science 2:</p> <p>vaping smoking exercise sedentary</p>

Friday, 26th June 2020

Time	Hall 1	Hall 2	Hall 3
0830-0930	'Workshop: ECG workshop for the internist	Workshop: Global risk assessment	Screening tips for atherosclerosis: Practical workshop on Calcium score, FAST echo scans, PWV and ABI measurements
0930-1015	Plenary 4: Philip Ding Memorial Lecture 'Expanding the horizon in ASCVD therapy- role of the antithrombotics'		
1015-1030	Coffee break		
Time	Hall 1	Hall 2	Hall 3
1030-1200	Symposium 6: EAS APSAVD Joint symposium 'Familial Hypercholesterolaemia' 1. 'Burden of FH' 2. 'Findings from the FH registry' 3. 'Increasing awareness and access to therapy'	Symposium 7: Imaging of ASCVD 1. 'Screening with Cardiac CT- who and when' 2. 'Abdominal fat quantification- is it ready for prime time?' 3. 'Preventing sudden death in the young- can imaging play a role?'	APSAVD YIA (Clinical) Oral Presentation
1200-1430	Lunch symposium		
1430-1600	Symposium 8: Lipidology 101 1. 'The HDL and efflux capacity- is it worth chasing?' 2. 'Targeting triglycerides - a waste of time or truly beneficial?' 3. 'Omega 3 fatty acids in reducing cardiovascular deaths'	Symposium 9: ISCP NHAM-MSA APSAVD Joint Symposium 'Targeting Inflammation to Prevent Atherosclerosis' 1. 'The immune system in ASCVD treatment' - 2. 'Residual Risk to reduce atherosclerotic burden'- 3. 'Theranostic imaging modalities- the way forward'-	Basic Science 3:

1600-1630	Imaging in Atherosclerosis Competition	
1630-1645	Coffee break	
1645-1815	<p>Symposium 10: NHAM-MSA APSAVD Joint Symposium: controversies across Dyslipidaemia Guidelines</p> <ol style="list-style-type: none"> 1. 'Updates from the recent ESC/EAS guidelines' 2. 'Is lower LDL targets feasible in Asia Pacific?' 3. 'Strategies to overcome non adherence to prescribed LDL' 	<p>Symposium 11: Nutraceuticals, vitamins and lifestyle intervention- myth or reality?</p> <ol style="list-style-type: none"> 1. 'Nutraceuticals with lipid lowering activities- who can benefit?' 2. 'Vitamins - is there any role in ASCVD prevention?' 3. 'Reversing ASCVD progression with exercise therapy- from evidence to practice'
1815-1830	Closing Ceremony and Prize Presentations
