- Special session on ECG, image and data interpretations
- Practice questions sessions

SUB-SOCIETIES:

Interventional Cardiovascular
Society of Malaysia

Society of Cardiac Imaging Malaysia

MESSAGE FROM THE ORGANISING CHAIRMAN OF NHAM CONGRESS 2020

Dear friends and colleagues,

It is with the great pleasure and a distinct honour for me to welcome you to the 4th NHAM Cardiology Course. I hope to bring together an engaging programme that would stimulate both clinical and scientific intellect.

NHAM Cardiology Course is designed to complement the NHAM Congress where basic but essentials topics are covered here. This 2-day course is dedicated to those who are going for Master/MRCP (PACES) examinations. Various back to basics topics will be extensively covered by our esteemed faculties. We also include multiple practise questions sessions to familiarise the candidates to the exam format. This course is not limited to registrars but everyone who are interested to learn, from junior doctors, cardiology fellows and cardiologists are welcome to join us to learn and refresh their knowledge. Apart from being a solid platform for knowledge sharing, NHAM Cardiology Course is also a warm venue for professional networking, friendship development and potential collaborations.

I look forward to welcoming you to 4thNHAM Cardiology Course in January 2020. Don't forget, the event of the year, NHAM Congress 2020 will be held after this course in April 2020.

Dr. CHONG Jen Lim
Organising Chairman
NHAM Congress 2020
